

MEMORANDUM

DATE: February 23, 1989
RE: Father Peter J. Dunne (1954) *File*
Assistant Pastor, Nativity of Our Lord Church, Warminster

Doctor Thomas J. Tyrrell called me at the Chancery about Father Peter J. Dunne's progress. I was informed that there was a meeting on February 21, 1989 between Doctor Rawlings, Doctor Tyrrell, and Father Dunne, held at Villa Saint John Vianney Hospital, Downingtown. The purpose of the meeting was to review the report from Southdown, Canada.

At the end of the review Doctor Tyrrell indicated to Father Dunne that he was in serious need of individual therapy, and perhaps group therapy, along with dedication to S.L.A.A., that is, Sex and Love Addicts Anonymous. Doctor Tyrrell indicated that Father Dunne was not very positive about these recommendations. Doctor Tyrrell stated quite bluntly that he feels that we are sitting on a powder keg. He feels that Father Dunne is not only a homosexual, but is a pedophiliac. He strongly intuits that Father Dunne has been involved in a myriad number of sexual misconduct cases, both minor and major.
