Some men today are the laughing stock of the nation. Why? Because they have dared to protest the war and draft policies of our nation. They do so not because they have the only answer, but because they have dared to ask the only question: "Where are you going, America?"

They stand up, not as many accuse them, as dirty, lazy, unloyal, unpatriotic Americans. They stand up to lay open the diseased cancer of our country. For many of them believe that America the Beautiful is growing ugly, that America the Mighty is growing sick.

All young men of our country stand at a crossroads today. They must decide.

They can say: "The best way to serve my country is to fight, and perhaps to kill or be killed."

They can avoid hitting the issue head on and run to Canada.

They can try the road of the Conscientious Objector. Many good men have applied for this alternate service. Some have succeeded. Many have failed because of the glaring injustices of the CO demands and its close ties with a glaringly unjust Selective Service System.

Finally some follow the road of the Resistance. Some irresponsibly. Some very responsibly. They want to uphold what is really good and beautiful in our country. But they want no part in a system that destroys and kills in the name of peace and freedom.

Whatever path our young men choose, they will have to answer for their decision.

As a Catholic priest, I speak only for myself. I believe this is a time of honest accusation and challenge.

1st I challenge myself. I am a hypocrite priest if I merely mouth pious prayers: "Lord, grant us peace" at my church services. I must publicly speak, work and do everything in my power to strive to end the slaughter of war and obtain a just peace.

2nd I point to the Bishops and leaders of my church. I beg you men to words into action, the words of the pronouncements you have made against the horrors of war and in behalf of those who conscientiously oppose the war.

Pope Pius XII said: "A citizen is not to be obliged to obey without having been consulted; is not to be obliged to sacrifice without having expressed his ideas."

In the 2nd Vatican Council, the Bishops of the world proclaimed that "any act of war aimed indiscriminately at the destruction of entire cities or of extensive areas with their population is a crime against God and man himself. It merits unequivocal and unhesitating condemnation." Words.

3rd I look to clergymen of my church and all churches who claim to preach the gospel of Christ. Please do not be piously content preaching frothy platitudes to make people smugly comfortable. Have the honesty to confront people with the blood and gut issues of our day. Please do not run away from the fearful ghost of controversy or the threatening possibility of a pinched pocket book.

4th To young men of draft age, I ask you not to fall victims of a corrupted nationalism. Love your country. Yes. But you cannot hand over your conscience to the nation. Render to Caesar what is Caesar's, not what is God's.

5th To the family of the man killed in war, what shall we say? That this man died for what he thought was right, no man can dispute. No one can steal away the heroism of the brave, the sacrifice of the fallen and the wounded. Although I cannot see this heroism justifying an unjust cause, I must share your anguish. I want to stop this anguish going on and on.

5th I look to you, all our people. We cannot continue to ignore the issue of war. We cannot run and hide, claiming: "The issue is so complex and controversial. Who am I to decide and judge?" I don't think God will accept that spineless excuse on judgment day. As Harvey Cox put it: "Not to decide is to decide."

With protesters, we all have a serious duty not just to negate, to protest. We must work for positive and realistic alternatives besides the continuation of a war of destruction, or an immediate pulling out of Vietnam.

To protect our men and Vietnamese, we must strain and work to put muscle into the United Nations, or some international authority and force that can help preserve peace. How can we Americans cry out in protest to the UN when our interests are at stake, and tell the UN to stay out of our business when our interests are threatened.

We must demand our country's officials to have the simple honesty to refuse support of corruption of the South Vietnam government and to work to set up a government supported by the people, not just the wealthy.

We must no longer turn our heads away from the blinding facts: 30,000 Americans killed, over 100,000 wounded, some for life. Over 100,000 Vietnamese dead; 1 of every every 7 Vietnamese, over 2 million in all, driven from their homes. Can we really save the Vietnamese by destroying the Vietnamese?

High on the list of priorities I ask all people to examine their conscience and the conscience of America. The war and draft are only a surface sickness. They point to a much deeper spreading disease in America: the double standard.

Isn't it strange that we can be furious at "disgraceful draft-dodgers who break the law!" That our government is breaking countless laws in Vietnam (The Geneva Agreements)...?

Isn't it strange that we scream at violence in our streets. "We need law and order." And the violence we are perpetrating in Vietnam? We punish a murderer here as an outrageous criminal and we pin medals on those who kill "the enemy."

We are horrified at the crimes the Viet Cong are guilty of. And they are guilty. Does this justify the crimes of our country?

Isn't it strange? We claim we must fight the dirty Communists so that all men may be free and share the glories of our democracy:

-the glories of racism; of the equal opportunity that lets the powerful and protected rich often exploit the subservient and voiceless poor; the glories of freedom in which men who wish to serve their country contrary to the draft system are not free, for they must face imprisonment and fine.

Isn't it strange that we make a god of our draft system? In 1812 a man in our congress dared to say: "A free government with an uncontrolled power of military conscription is the most ridiculous and abominable contradiction and nonsense that ever entered the head of man." It was Daniel Webster.

I, as one priest, must take a stand. I am not turning in my draft card today, but I must make a decision soon. In the next weeks, I have been trying legal means to change the law and our war policies. I have written to the President, the Vice-President and to Congressmen. Nothing happens.... In the next weeks, till January 1st, I am going to test myself and I offer the test to you, the people of our community. Please talk, read, discuss. I don't have all the answers. Nobody does. But if you are really concerned, act. I invite you to call on me so that we can join together and learn to disagree agreeably, not in a hate-filled climate, but in mutual respect and charity.

As Bob Dylan sang it: "He who is not busy being born, is busy dying."

As Dietrich Bonhoeffer, the German martyr put it: "One person asks: What is to come? The other asks: What is right?" Fortunately some young men today are not asking the enslaving question: "What is to come?" They are asking the liberating question: "What is right?" They are giving their answer. And you? And me?

VI. JUDGMENT of Guardian and Discretorium:

A very good cleric.

Judgment of Master of Novices and Associate Master:

Frater Laurian was a very good novice. His conduct and religious discipline
exemplary in all respects. Diligent, studious, genuinely pious, simple in the
good sense of the word. He is quite candid and responds very well to advice and
direction. More external manliness is desirable in his life, which he is aware
of, and has tried to cultivate. Not that he is effeminate but he gives the im-
pression of being inclined to softness so that more manly reactions in his ex-
ternal behavior, laughter, gestures etc, would be assets in his development.
While it was not noticeable, there may be a strong current of sentimentality in
his make-up. Isolated instances pointed up signs of vanity. Any inclination
to be self-willed never showed itself in the novitiate. On the other hand he
was very meek, a docile and submissive novice, very cooperative with advice
given, conscious of his weaknesses and exerted sincere and determined efforts to
improve himself. His spiritual reading was well balanced. If he can continue
to improve in external manliness we consider him a very good prospect for the
Order and the priesthood.

His French background may account for a certain amount of excitability noticeable in his make-up. He can also be a little on the self-willed side. He has always been quite pious, and because of his nature should be given careful direction in spiritual matters such as reading, etc.. He is considered a very good risk!

Enthusiasm for Vocation:

Desires this life without reservation
2nd yr - v.g.

Judgment of Faculty:

SB. 1st yr: small dynamic - warm + playful. looks soft but doesn't seem so.
a bit timid with others. Fr. S. May 1961

2nd yr - Feb - Sincere, zealous cleric. At times shows signs of immaturity, but believed to be basically solid.
Exceptional interest in preaching. - May - Excellent prospect.

3rd yr - Feb - The years go by, but Lauran's growth in maturity has not kept pace. Quite a kid in many things, e.g. in wanting things his way right now, in wanting everyone else to be perfect but himself. Means well, has high ideals but lacks the corresponding performance.

Special Remarks:

4th yr - Feb '64 - Seems less immature. Should do O.K. in ministry; will probably commit imprudences. Lots of good will.

Oath Before Subdiaconate

I the undersigned, member of the Order of Friars Minor, having presented to my Superior a petition for the reception of the Order of Subdiaconate, after mature reflection before God do hereby testify under oath:

- 1) that in receiving this same Sacred Order I am not influenced by fear, or violence, and that of my own free will and I wish to contract this same Order with its accompanying obligations.
- 2) that I am fully acquainted with the obligations which follow from this Sacred Order, and which I fully accept, and which, with the help of God, I intend to observe until the end of my life.
- 3) that, in regard to the vow of Chastity and the vow of celibacy, I clearly understand what they entail, and with the help of God, I propose to be faithful to these obligations until the end of my life;
- 4) that, conformably to the sacred canons, I promise most sincerely to obey all the orders of my Superior according to Church law, and that I am ready to give an example of virtue both in word and in work, that I may deserve to receive from God the reward promised for the acceptance of so great an office. So I attest as I do and swear on these Holy Gospels of God, which I touch with my hands.

Cf. Subdiaconate report, which still stands basically, though
there does seem to be progress in maturity. We think that exclusive
work with youth--as in a high school--might only perpetuate his adoles-
cence; he should have plenty of opportunity to work with adults.

Can be tactless at times. Will probably commit some imprudences
in his work in the ministry; will need direction.

FRANCISCAN FATHERS
OLD MISSION
SANTA BARBARA, CALIFORNIA

Most Reverend and Dear Father,

Saturday, July 13, 1963

My first solemn Mass is scheduled at St. Elizabeth's on December 28th. I would like to ask permission for a second solemn Mass January 1st at Willows, about 150 miles from Oakland. Over a hundred of my relatives live in that area and they have been planning to have me there. Each New Year's Day they have a family reunion, so for the reception they would just have their usual pot luck dinner at the parish hall. The pastor there said he would be glad to have us.

May I also ask permission to have Father Regis there to preach. He would be the only Friar that would have to travel some distance.

Respectfully,

Father Laurin Carrion OFM

July 15, 1963

Dear Frater Laurian:

You have permission for the second Solemn Mass as requested at Willows. I know it will mean much to you and your many relatives and friends.

Father Regis also has permission to preach on this great occasion. His presence will surely add a Franciscan touch that will make it most memorable.

Thanking you for writing to me, I remain,

Sincerely in Christ and St. Francis,

Fr. Terence Cronin, O.F.M.

 is excellent. His French background may account for a certain
 amount of excitability noticeable in his make-up. He can also be
 a little on the self-willed side. He has always been quite pious,
 and because of his nature should be given careful direction in
 spiritual matters such as reading, etc.. He is considered a very
 good risk.

VI. JUDGMENT of Guardian and Discretorium:

A very good cleric.

Judgment of Master of Novices and Associate Master:

Frater Laurian was a very good novice. His conduct and religious discipline exemplary in all respects. Diligent, studious, genuinely pious, simple in the good sense of the word. He is quite candid and responds very well to advice and direction. More external manliness is desirable in his life, which he is aware of, and has tried to cultivate. Not that he is effeminate but he gives the impression of being inclined to softness so that more manly reactions in his external behavior, laughter, gestures etc, would be assets in his development. While it was not noticeable, there may be a strong current of sentimentality in his make-up. Isolated instances pointed up signs of vanity. Any inclination to be self-willed never showed itself in the novitiate. On the other hand he was very meek, a docile and submissive novice, very cooperative with advice given, conscious of his weaknesses and exerted sincere and determined efforts to improve himself. His spiritual reading was well balanced. If he can continue to improve in external manliness we consider him a very good prospect for the Order and the priesthood.

Dear [REDACTED]

Feb 19, 1995

Yes. I'm late ... on the eve
of Lent. I want to give you
an apology.

For quite while I wasn't
very happy with you. I had written
you something very important
about conflict-resolution.
This was for the Guantánamo-
Vixen meeting.

I thought I would yet 14
write from you, even though
I know how busy you are.
I heard nothing?

Then, a few weeks ago, in my mess
room, I came across an unopened
letter of Sept. You explained the whole
situation. You showed you were
very open & sensitive to me, my
thoughts & feelings. Thanks for the gift
of you!

Dear David,

Peace and all good.

This is just a short note to thank you very much for the note which you gave me when I was down at Old Mission Santa Barbara. I do appreciate your support very much and am edified by your humility. This is a great gift, David, and I want to thank you for your example of Franciscan life.

God bless you for your work and witness. Please be assured of my prayers and support.

Dear David,

I hope this letter finds you well. Some old friends of ours called recently from Fresno and asked about you (the Aguilar and Armida - Leonard's wife—both lived in the projects on Kern).

In response to your letter, I have asked Steve B. to take charge of the "conflict resolution workshops" for the fall. He will go up to Seattle and visit with Fran and John and set calendars. They were quite good at the Guardians' and vicars' meeting.

Take care. I hope to see you at the retreat.

ACKNOWLEDGMENT OF RESPONSIBILITIES REGARDING "NO HARASSMENT" POLICY FOR FRIARS AND LAY MANAGERS

As a friar or lay manager or supervisor at SM SB, I acknowledge receipt of a copy of the Province's "No Harassment" Policy. I understand that the organization can be held responsible for any acts of harassment that I commit, condone, or tolerate. I also understand that I can be sued personally for any such acts.

I understand that if I know of, or have reason to know of any act of harassment or of the existence of a hostile, intimidating, or offensive work environment at this organization and I fail to report it to higher management, both the organization and I can be placed in jeopardy.

Therefore, I will immediately report any act of harassment and will take whatever action is necessary to correct the situation.

I have participated in the training program provided by the Province on preventing harassment. I have received and I understand the Province's organization's "No Harassment" Policy and agree to abide by it.

Dear David.

May the Lord give you peace.

I hope this letter finds you improving. Anita called me last week to say that you were really making improvement. I'm so glad to hear that. I know it must seem very slow for you, however.

Yesterday we had FST graduation. [REDACTED] was there. I told him that I was going to write you and he said to say hello [REDACTED] and I are on the board of regents there. Gee, is he ever good on it. He says just the things I think he should. Lupe and Barry Stenger just returned from Rome and Assisi. I haven't spoken with them but the friars tell me that they really enjoyed their stay. Rodrigo Ortiz went out of his way to make them feel at home in Assisi. Rodrigo has been extremely kind to the friars of the province who visit there during the jubilee year.

I leave for San Luis Rey tomorrow. They tell me that the airlines are on strike and my flight might be canceled. I have learned to deal with cancellations...in fact, I have learned to deal with a lot of things since I've been in this job.

Take care, David, I just wanted to let you know that I am thinking of you and praying for you. Peace.

Fraternally,

A PERSONAL STATEMENT OF FAITH

I believe that every person is created by God as an individual of value and dignity. My basic worth and value as a person is inherent in the relationship of love that God has for me and not in my usefulness in society.

I believe that God has endowed me as His creature with the responsibility and privilege of sharing with God in the dominion over my earthly existence. I believe in the sanctity of human life which is to be celebrated in the spirit of creative living because it does have worth, meaning, and purpose. Therefore, I am responsible to use all ordinary means to preserve my life.

I further believe, however, that every human life is given dignity in dying, as well as in living. Therefore, I am free to refuse artificial and heroic measures to prolong my dying. I affirm my human right which allows me to die my own death within limits of social, legal and spiritual factors.

I believe I have the right to die with dignity -- respected, cared for, loved and inspired by hope. I consider as unjust the continuation of artificial and mechanical life support systems through expensive medical and technological means when there is no reasonable expectation for my recovery of meaningful personal life.

In order to avoid the useless prolongation of my dying and the suffering of my loved ones, I, David Carrine of have executed the following Living Will/Directive to Physicians.

Signed: David Carrine of

Dated: March 18, 1998

(California)

TO MY FAMILY AND FRIENDS:

It is my firm conviction that my life as a Friar has meaning and value in any circumstance that occurs if I become disabled, incapacitated, or incompetent. My decision to join the Order of Friars Minor was a free choice and is one that has been constantly reaffirmed over time by my free choice to live this life. For this reason I have chosen to appoint a member of the Order of Friars Minor as my attorney in fact to make health care decisions for me in the event that I am unable to make those decisions myself. My attorney in fact may consult with my family and friends about my health care, and I encourage such consultation, but I expect my family and friends to honor my desires as expressed by my attorney in fact. This desire in no way manifests a lack of love for my family or friends; rather, it is an expression of confidence in my attorney in fact to act in accord with my known desires.

Accepting death with responsibility and human dignity is in keeping with the Creator's plan. Talking about sickness and death can be difficult, but it is part of our responsibility ourselves and to the people we love. For this reason I David Carrion ofm have executed the following Durable Power of Attorney for Health Care Decisions.

Signed: David Carrion ofm

Date: March 18, 1998

DIRECTIVE TO PHYSICIANS

Directive made this 18th day of March, 19 98. I, David Carrasco, residing in the County of Santa Barbara, State of California, being of sound mind, willfully and voluntarily make known my desire that my life shall not be artificially prolonged under the circumstances set forth below and do hereby declare:

1. If at any time I should have an incurable injury, disease, or illness certified to be a terminal condition by two physicians, and where the application of life-sustaining procedures would serve only to artificially prolong the moment of my death and where my physician determines that my death is imminent whether or not life-sustaining procedures are utilized, I direct that such procedures be withheld or withdrawn, and that I be permitted to die naturally.

2. If at any time I am in a persistent vegetative state or chronic coma and two physicians, one of whom is my attending physician, certify that my state is unlikely to reverse, I direct that all artificial nutrition and hydration, as well as other life-sustaining procedures, be withheld or withdrawn.

3. In the absence of my ability to give directions regarding the use of such life-sustaining procedures, it is my intention that this directive shall be honored by my family and physician(s) as the final expression of my legal right to refuse medical or surgical treatment and accept the consequences from such refusal.

4. I have been diagnosed and notified at least 14 days ago as having a terminal condition by _____, M.D. whose address is _____ and whose telephone number is _____. I understand that if I have not filled in the physician's name and address, it shall be presumed that I did not have a terminal condition when I made out this directive.

5. I understand the full import of this directive and I am emotionally and mentally competent to make this directive.

Executed this 18th day of March, 19 98, at
(city, county, state) Santa Barbara, California

Signed: David Carrasco

We declare that the principal is personally known to us and we believe him to be of sound mind.

California Medical Association
DURABLE POWER OF ATTORNEY FOR HEALTH CARE DECISIONS
(California Probate Code Sections 4600-4753)

WARNING TO PERSON EXECUTING THIS DOCUMENT

This is an important legal document. Before executing this document, you should know these important facts:

This document gives the person you designate as your agent (the attorney-in-fact) the power to make health care decisions for you. Your agent must act consistently with your desires as stated in this document or otherwise made known.

Except as you otherwise specify in this document, this document gives your agent power to consent to your doctor not giving treatment or stopping treatment necessary to keep you alive.

Notwithstanding this document, you have the right to make medical and other health care decisions for yourself so long as you can give informed consent with respect to the particular decision. In addition, no treatment may be given to you over your objection, and health care necessary to keep you alive may not be stopped or withheld if you object at the time.

This document gives your agent authority to consent, to refuse to consent, or to withdraw consent to any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. This power is subject to any statement of your desires and any limitations that you include in this document. You may

state in this document any types of treatment that you do not desire. In addition, a court can take away the power of your agent to make health care decisions for you if your agent (1) authorizes anything that is illegal, (2) acts contrary to your known desires or (3) where your desires are not known, does anything that is clearly contrary to your best interests.

This power will exist for an indefinite period of time unless you limit its duration in this document.

You have the right to revoke the authority of your agent by notifying your agent or your treating doctor, hospital, or other health care provider orally or in writing of the revocation.

Your agent has the right to examine your medical records and to consent to their disclosure unless you limit this right in this document.

Unless you otherwise specify in this document, this document gives your agent the power after you die to (1) authorize an autopsy, (2) donate your body or parts thereof for transplant or therapeutic or educational or scientific purposes, and (3) direct the disposition of your remains.

If there is anything in this document that you do not understand, you should ask a lawyer to explain it to you.

1. CREATION OF DURABLE POWER OF ATTORNEY FOR HEALTH CARE

By this document I intend to create a durable power of attorney by appointing the person designated below to make health care decisions for me as allowed by Sections 4600 to 4753, inclusive, of the California Probate Code. This power of attorney shall not be affected by my subsequent incapacity. I hereby revoke any prior durable power of attorney for health care. I am a California resident who is at least 18 years old, of sound mind, and acting of my own free will.

2. APPOINTMENT OF HEALTH CARE AGENT

(Fill in below the name, address and telephone number of the person you wish to make health care decisions for you if you become incapacitated. You should make sure that this person agrees to accept this responsibility. The following may not serve as your agent: (1) your treating health care provider; (2) an operator of a community care facility or residential care facility for the elderly; or (3) an employee of your treating health care provider, a community care facility, or a residential care facility for the elderly, unless that employee is related to you by blood, marriage or adoption, or unless you are also an employee of the same treating provider or facility. If you are a conservatee under the Lanterman-Petris-Short Act (the law governing involuntary commitment to a mental health facility) and you wish to appoint your conservator as your agent, you must consult a lawyer, who must sign and attach a special declaration for this document to be valid.)

I, Anita Lissner, hereby appoint:

as my agent (attorney-in-fact) to make health care decisions for me as authorized in this document. I understand that this power of attorney will be effective for an indefinite period of time unless I revoke it or limit its duration below.

(Optional) This power of attorney shall expire on the following date: _____

OFM CARR 1

3. AUTHORITY OF AGENT

If I become incapable of giving informed consent to health care decisions, I grant my agent full power and authority to make those decisions for me, subject to any statements of desires or limitations set forth below. Unless I have limited my agent's authority in this document, that authority shall include the right to consent, refuse consent, or withdraw consent to any medical care, treatment, service, or procedure; to receive and to consent to the release of medical information; to authorize an autopsy to determine the cause of my death; to make a gift of all or part of my body; and to direct the disposition of my remains, subject to any instructions I have given in a written contract for funeral services, my will or by some other method. I understand that, by law, my agent may not consent to any of the following: commitment to a mental health treatment facility, convulsive treatment, psychosurgery, sterilization or abortion.

4. MEDICAL TREATMENT DESIRES AND LIMITATIONS (OPTIONAL)

(Your agent must make health care decisions that are consistent with your known desires. You may, but are not required to, state your desires about the kinds of medical care you do or do not want to receive, including your desires concerning life support if you are seriously ill. If you do not want your agent to have the authority to make certain decisions, you must write a statement to that effect in the space provided below; otherwise, your agent will have the broad powers to make health care decisions for you that are outlined in paragraph 3 above. In either case, it is important that you discuss your health care desires with the person you appoint as your agent and with your doctor(s).

(Following is a general statement about withholding and removal of life-sustaining treatment. If the statement accurately reflects your desires, you may initial it. If you wish to add to it or to write your own statement instead, you may do so in the space provided.)

I do not want efforts made to prolong my life and I do not want life-sustaining treatment to be provided or continued: (1) if I am in an irreversible coma or persistent vegetative state; or (2) if I am terminally ill and the use of life-sustaining procedures would serve only to artificially delay the moment of my death; or (3) under any other circumstances where the burdens of the treatment outweigh the expected benefits. In making decisions about life-sustaining treatment under provision (3) above, I want my agent to consider the relief of suffering and the quality of my life, as well as the extent of the possible prolongation of my life.

If this statement reflects your desires, initial here: MC

Other or additional statements of medical treatment desires and limitations: _____

(You may attach additional pages if you need more space to complete your statements. Each additional page must be dated and signed at the same time you date and sign this document.)

5. APPOINTMENT OF ALTERNATE AGENTS (OPTIONAL)

(You may appoint alternate agents to make health care decisions for you in case the person you appointed in Paragraph 2 is unable or unwilling to do so.)

If the person named as my agent in Paragraph 2 is not available or willing to make health care decisions for me as authorized in this document, I appoint the following persons to do so, listed in the order they should be asked:

Amen.

Merciful Father, we commend our brother into your hands. We return to you the gift you have given us in his life among us and in the service of your people. We thank you for all that you have done for him, and for all you have done for us through him. Welcome him into your kingdom. Comfort us who remain in this life. DAVID CARRIERE, OFM.
1937-2000

David Carriere was born May 1, 1937, in Oakland, and went to St. Elizabeth's school. He entered the ninth grade at Saint Anthony's Seminary, Santa Barbara, in 1951. He was invested at San Miguel on July 8, 1956, made simple vows a year later, and then went on to philosophy at San Luis Rey (1957) and theology at Old Mission Santa Barbara (1960). He made solemn vows on July 9, 1960, and was ordained December 21, 1963.

With his class he did a pastoral year (the "fifth year") at St. Mary's, Stockton, and then stayed on for another year as associate. He spent 1966-67 teaching at Serra High in Salem, Oregon, and helping with retreats at Beaverton. In 1967 he went to Our Lady of Mt. Carmel in Fresno as associate and in 1973 became campus minister at Fresno State as well. In 1976 he joined the formation team in Sacramento and took over as campus minister at Sacramento State. Three years later his health broke down and he went to Santa Barbara. Apart from a very brief try (1980) as retreat master at San Juan Bautista, he remained in Old Mission Santa Barbara until his death August 4, 2000.

Struck down by ill health in his early 40s, David never let this embitter him. If anything, it made him more compassionate—although concern for others had always been characteristic of him. In Stockton and especially in Fresno he gravitated toward the poor and marginated. Whether with jail inmates, farm workers or students, he not only brought understanding but also struggled alongside them for their right to a decent life.

In Santa Barbara, though often emotionally and physically incapacitated, he slowly pieced together a personal ministry by taking the calls that others simply didn't have the time and energy for. No task was too small for him. And to each of these tasks he brought himself, especially his listening skills. Battling depression, he was cheerful and affirming for others. A loving man, he was much loved—as the numbers at the wake and funeral attested.

David Carriere, OFM., died August 4, 2000, in Santa Barbara, 63 years old, 43 years a friar, and 36 years ordained.

Dear [REDACTED]

I have come down to Ashland to
see my mom. I don't remember
exact words I used on the phone with
right before. I'm giving, but I
wanted to see her home of absence.
Not a complete break from the other.

Being on my own, & not always
having someone else or the order to take
care of me is my main goal, but not
mentioned. I'd appreciate some financial
help to get started. I've been looking
in papers & what ever I could. looking for a
room or job. No luck yet, but I'm hanging
in there. The Lord is close by. With love & gratitude

Dear David,

Peace and all good! I hope you had a very glorious Christmas and now the Spirit of the Lord blesses you in abundance during this coming year. Please be assured of my prayers and support.

David, thanks very much for the visit we had the other day when I was in Santa Barbara. I appreciate very much you sharing your reflections with me. Needless to say, you raise a number of important issues and I am still thinking about how best to consider them. It is not always easy to take action in the type of circumstances which you describe. I do think I need to talk over the situation with [REDACTED] and perhaps he and I will have a chance to visit at this upcoming Definitorium meeting, and then we can reflect on the best approach to take.

Be assured always of my prayers and support, I count on yours. May God bless you in abundance, David.

Dear David,

Peace and all good!

I enjoyed seeing you at the regional. Thanks so much for coming and for contributing so much to so many of the friars in the way you approach them and in the kindness with which you speak.

This is just a short response to the letter which you wrote to me about conflict-resolution. As you know, I think many of the suggestions are good. At the moment we are in the process of discussing this education in chastity program. I think the first step is preparation in skills training. And it could very well be that your suggestions for conflict-resolution fit in at this point. I'm not that familiar with the literature and the process for doing this. But I'm sure that when I meet with the committee that is planning the education in chastity program, we can talk about this and see which is the best way to approach it. I would like to support the fact that the friars very definitely need to be able to face each other directly and to respond back and forth in a way that moves toward peace and reconciliation in our local communities. No doubt in the larger ones this is even more of a necessity. But it occurs sometimes also in the smaller communities. As to who should do this, well, let me consult with the committee.

The long and short of it is that I guess I'm making no immediate promises except to keep what you suggest in mind. I know it comes from your own deep convictions and spiritual growth and development in this area. I do privilege that information, appreciate it and respect it. I think it is something that can be offered. Let me put it in the proper process and see what develops. Perhaps the fellows will respond, perhaps not. But every little bit moves the community forward.

Thanks so much for your dedication and interest, David. Thanks for taking the time. Please remember me in your prayers.

From "Lament to resurrection."
Alleluia. Because I had a hunch
that your Bunkers & Vicars meeting
would be some packed agenda,
I wrote many months ago to Dixie.
(You had just left on your sabbatical)

This was on the topic of conflict-
resolution in our Communities.
When I spoke of this topic to Dr. Cormac,
he also felt it was very important.
He asked if it could be discussed at
the Bunkers, Vicars meeting.

If you feel that all this is not
possible (very short), you're the
Provincial, Joe. Since this next meeting
must for another year, through
prayer & discernment, I wanted
to bring it up for the last time (41st)

I feel I have a few qualifications
to talk about this conflict-resolution
for the good of our brothers in the Province:

1st Since I WAS a true Blue ink and
broken pen, the Lord Cox for a little Lenting
through my Brokenness.

2nd I don't know of many people who
have had some 25 years of spiritual
direction & counselling. No "Piper
infallibility" but some light & wisdom for
me & others.

Dear David,

Peace and all good!

It was good to see you the other day at our St. Francis celebration at St. Elizabeth's. I'm glad that you're able to take a vacation from your busy ministry in Santa Barbara. I hope that everything is going well.

Just a short note to thank you very much for the booklet you sent me, "Thorns Have Roses". I appreciate your prayers very much and your remembering me in so many kind ways. God bless you.

I'm off to Guaymas this morning to celebrate the 25th anniversary of the foundation of Casa Franciscana and our presence down there with Miguel Lozana in the orphanage and the people who have worked at the Asilo. It should be fun. After that I'm in St. Louis for the English-Speaking Conference Provincials' Meeting. That should be interesting. But I look forward to coming back and spending a little less time on the road.

If you see my mom, give her my love.

Peace. May the peace of the Lord and our father Francis fill your hearts with grace and joy.

A few years back I put together some quotations of different authors. Now, in my second edition, I've cut out some of the old and I've added some new. grace. FULFILL gifts and goodies.

I believe the Lord speaks to us not only through the Bible but also through many authors, old and new. May the Lord speak to us through these words. for thorns have roses.

Dear [REDACTED]

I was truly saddened to learn of the death recently of Father David Carriere, O.F.M., and I hasten to assure you of my very special prayers for his eternal repose.

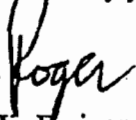

I recall with great fondness the summer of 1964 when the three of us began serving in West Fresno, the two of you at Mount Carmel Parish and myself at St. Genevieve's Parish just a few blocks away.

Those early years of our time together as brother priests were wonderful in every way, and our continuing friendship over the years has been such a source of strength and support.

Now that David has ended his earthly journey and has entered into eternal life, he will no longer walk with us along our journeys. Our faith helps us to look forward with longing to our own entry into the Kingdom and to be rejoined to our loved ones.

Assuring you and the members of the Franciscan Community of my special prayers for David, and with kindest personal regards, I am

Fraternally yours in Christ,

Sept 24, 1991

Greetings! I'm "behind my
pint" in writing to you
about our age old topic
our community at the Mission
its wonderful gifts & goodness
then the theme of this Day of Recol-
lection, its wounds & hurt
how Sal & I fit in here.

2 thoughts here:

Quite awhile ago, I had a
talk with you (and some friends
like myself & some others) here
as some growing through
inter-direction ^{or} counselling.

Knowing that you had it clear
of your own the lead to get
in to spiritual direction/counselling
which means it someone could.

done with & I hope the
right now in the great gifts
e are through Spirit. Blessing

In your very B-Z life & ministry,
wasn't surprised that I heard
of from you about this.
I appreciate hearing from you on this

The 2nd Point

rough listening & sharing with
of workers at our mission
about a year I've thought
back a very positive step in
rowing in our family, American
community.

I've sent from a lot
of our lay workers in the kitchen,
where, in many, who do great
work in many areas.
This includes our nurses.

The overriding feeling they have is they are very happy & grateful to be here, to be part of our community. They are so nervous to work in their different aspects of our life & industry.

B) I've also heard from many of them some of their hurts. When I asked if they could stand to share those hurts with Dr. Sil, they have a common response - they can't because:

They are afraid to share this with Dr. because he may not like that they say even their job might be endangered. (Here, the common job connection with Virgilio also comes up.

Naturally all this would need
to be explained 1st to Sal &
Luty visitation in other of
a friend. This is 't' just
a State Barren, so he wouldn't
hurt or opposed, but Positive

The Luty would have a chance to
share their negative hurts
feelings, knowing all this
would be confidential

Share their very Positive
suggestions & concrete steps
help them & all of us grow
our Christ & Mission Community

At the end, the negative hurts &
positive suggestions would be
not with Sal (Confidentially)
in response & input would be
1. 1. 1

Finally, who was 'd be this
vis-visitor, if this were
your. I would put a little
guilty asking or over + burdened
even. But he has so much
went experience at this
kind of visit + staying -
he's Bi-lateral. But
he here would be up to you.

I asked the opinion of 3 friends
on this: Ray, Cliff + Ivin.
They all thought it was a good
thing. My "2nd Spiritual Quarter"
Ivin Cushman also thought
it would be a good
exploring process.

I appreciate hearing from
you on this. Thank you
very much! May the Lord keep
working to heal your wounds,
at just our wounds.

Dear David:

I received a call recently from Marty Gates that he wanted my approval for you to go to Guaymas. That certainly is fine with me. I understand you would be there during the month of February helping Marty when Ben leaves and before John Peterson arrives. That is really a big help and I am very grateful to you for going to help out.

Thank you also for your recent card and your recent notes. I enjoy your sense of humor. It certainly is a time for us to get some relief as things have come to such a pass to our poor residents of the White House.

David as I write this it is New Year's and I do hope that you have a happy and joyful and bountiful New Year.

Dear David:

It was good to hear from you, and I am glad that we were able to get together at the Convocation, that really was a great time wasn't it?

Thanks for taking it upon yourself to try to pull together these two dates. I have made the commitment to both of them. I don't know exactly where I will be after June, but let's at least count on this. I am sure I can count on the summer dates.

As far as the December dates, it seems to me Wednesday might be an easier thing to pull off than Sunday, given all the commitments people have. But I will presently hold the whole time open and see what develops.

Thanks for your care David, you are just wonderful. So warm and affectionate and just a really good brother. Thanks for keeping us all together. Besides that you have a great sense of humor, thanks for all your laughter and jokes. Look forward to this time in the summer and all that the future holds.

Meanwhile I continue the countdown. Looking forward to whatever the future holds.

Thanks again for your brotherly love.

with fraternal affection,

Dear David:

I hope you are all doing well in this 25th year. We do know that David has been ill, and we are all praying for you to get back to health David. I know it is just a matter of time and patience. We are presuming that all of us are going to be in good shape to celebrate a little bit. At the Convocation, we discussed going to Crestline July 18-23. However, a couple of people have had difficulty with those dates and so we are suggesting moving them to the next week, Monday, the 25th until the end of that week, as long as people can stay.

Let me know what you can do, and we will see if we can make this work.

I thank you all for all the support you have been to me. It has been a tremendous help, especially during these 9 years. I hope we have all been able to help one another. I hope we can all come together and share how that has all worked out, with the good times and the not so good times.

Meanwhile, I hope this is a good year for all of you, and let us look forward to our time of sharing.

affectionately,

Dear David:

I know this is a dark time. I am not sure why God has picked you to suffer so much; some people feel that is a sign of very special love. I would like to think so, because those of us who love you are aware of how good you are, and believe that God must recognize that goodness as well. In fact, I am very sure she does.

I am so very, very sad to know of your lingering illness. One it seems will take a very long time to heal. But, I want you to know David that you have us pulling for you all the way. We love you, really care about you, hold you in our hearts and continue to pray for you.

David, I am writing this letter on the occasion of our 25th Anniversary of Ordination. I know at this time it is hard to feel great satisfaction in serving as a priest, when there is so little you can do. Nevertheless, I want you to know that in your 25 years you really have made a major contribution to the Order, and to the Priesthood. I recall so vividly the days of service that you gave, especially during those years in Fresno, Finian and I talk about those often. I know that at many times and in other places you have been able to serve, and I am always especially inspired by the ways you have served the Hispanic people.

You have always had a really deep, deep commitment to people and have been ready to pay the cost. Often times you have stood up to others in the government, and even in the Church on behalf of the little ones. And I am sure that is something that is a real service and an inspiration.

Sometimes we feel that we can't do much to impress our own classmates, but I want you to know that I am impressed by the beauty of your ministry. Even during these years at Santa Barbara, when it has had to be limited some beyond what you would like. I know you have touched many many hearts, and I believe that is the reason why we were called.

David I pray in gratitude for all that you have given, and in deep urging that you may find good health, and be able to carry on the ministry to which you were ordained.

with deep love and gratitude,

Minister Provincial

ps I hope you will be able to recover fully and celebrate with us, our Jubilee this summer.

Dear David: Peace and all good.

I hope you are doing well. When I attended the Eucharist at Old Mission Santa Barbara, I was very pleased that you were celebrating for the community. I know that this is still a strain on you physically, but it was just good to see you up and around and working with the community in your old way. I am very happy to see you so well, and I pray that you continue to get better rapidly.

I am sorry to miss you when I was in Santa Barbara. I was there only very briefly and was approached by several other friars who asked to speak with me. So I am afraid I was not around long enough to get to get to speak with you. I hope that your concerns were not so pressing, as I would certainly want to spend sometime listening to you and sharing with you some of my own experiences.

Be good to yourself Dave, and continue your great contribution there to the community. I know that you have a concern for each one there, and will bless them with your presence. I don't know when I will be returning to Santa Barbara in the near future. I will be leaving for Rome on September 15th, and I might be in Santa Barbara sometime before then, and if I am I certainly will look you up. If there are other more pressing matters, perhaps we can discuss together over the phone. I leave that to your discretion.

Thanks very much for your patience Dave.

Dear [REDACTED]

Life keeps right on going and I guess we shouldn't ~~expect to find~~ it getting any easier. I have spent most of my time with David Carriere. We did have a community meeting and if nothing else we realize that for the time being he will return to the community. John Butler suggested Jemez Springs. We had a good talk and he feels that deeper issues have not been dealt with. Please don't mention John's name to anyone. He wouldn't want David to find out that he suggested his going to New Mexico. I have talked with Dr. Johnson, who is taking Dr. Plessons place. He says that David cannot be kept in Cottage since his hypomanic condition has come down. He hasn't fully recovered but he is expected to come home tomorrow (Wednesday) and will spend a few days at the Mission. Then he is planning to go either to Ojai with the brothers of St. John of God or to the Capuchins in Santa Ynez for a couple of weeks. If they are willing to take him I would not discourage it. I also spoke to the lay people of our community and they were very understanding and want to help in whatever way they can.

Sigmund is responding well to ECT. I haven't had a chance to talk to his doctor to find out how much longer he will remain in the hospital. Paschal was taken to St. Francis Hospital for the same thing - bleeding. He was in for three days but he is home now. It is still a mystery.

I called [REDACTED] to notify him that he was expected to move by the end of August. I told him that he would be receiving a letter from you. He might want to obtain permission to stay until the first of the year.

I don't know what the future holds but it should be interesting. I am enclosing a copy of the discussion held by the community in preparation for the Chapter.

I don't know when we will get together again but you can count on my prayers that your job not be a burden.

Faternally,

Salvador

Dear [REDACTED]

June 16.

That terrible day seems so long ago but I still wanted to drag you a line & apologize to you.

I don't remember all the hairy details & I'm confident that this won't be any terrible problem to you.

I remember thinking you that you weren't the Joe I knew many moons ago. You've become a much more open & caring & sensitive man & friend.

I think I felt angry when you reported that you had to get to the (noon) meeting.

So I felt The broken record
there & see & sat in our
Community here & nice
week spoken & not carried
out. I blew this up!

But I flipped ... & started
screaming all kinds of
things at you.

That was not the
normal me.

Since then, my Psychiatrist
has explained to me what
happened. He will explain
this to Salvador on July 10

Again, I apologize. Love,
for hurting you in any way

Thanks for you & your Love

Dear [REDACTED]

Dec. 28, 1981

Better late than never, I send along my very Best Wishes for A Merry, Blessed and Peace-full Christmas Season & New Year.... How the time flies, this is the 18th anniversary of my 1st solemn mass at ye ol' St. Elizabeth's.

My reason for writing was the short notice in the latest Provincial letter about SPIRITUAL DIRECTION. I don't know if this was meant only for formation directors, but I wanted to share some of my ideas and feelings on this topic. It's a top-priority issue for me.

Looking backwards, I remember the negative times over the past many years. I was too busy in my ministry (a convenient excuse for me) too shallow in my prayer and spiritual life. I didn't bother too often with The Sacrament of Reconciliation and spiritual direction. And it showed...to others, and later to myself.

I look back at the positive side and I know I profited very much from solid spiritual direction.

In the last few years I know I've grown much because I sought out, and luckily was blessed with prayerful and solid directors for both counselling and the sacrament (at San Juan Bautista and here.)

Because this topic is so important to me, I've done a lot of sharing on it with other friars and with several diocesan priests of the Monterey diocese, when I was stationed at SJB.

I feel, if we are to direct or help guide others in our ministry (especially in apostolates like retreat work, parishes, confessors to priests sisters and other ministries) we first need ongoing direction and guidance ourselves. I don't think we're automatic ever-flowing springs of Christ's "living waters." If we begin to dry up ourselves, then the Lord can't give them to drink through us.

A common attitude I've heard is either: I don't see that great a need for spiritual direction. I try to be a prayerful and good priest/brother and do God's good work for our people.

OR YES, YES, I do want it very much, but where in the --- do I find a good spiritual director (that I'm not "too close" to, that I can trust, that will affirm me and challenge me, without threatening me etc.)

For this reason, I believe at least a few friars (from the different regions?) should receive some special training in this field, and thus grow more in their life of prayer and close union with Christ. I believe this holy/whole spiritual director can do much to bring us closer to God and his people, so we in turn can offer, not "canned, corny counseling," but meaningful help to our people, so they can grow in closer union with the Lord, and through him, with others.

I am very interested in this training for me and my ministry, in my time left here, and especially in my future ministry, hopefully in retreat ministry, or....

... Not to blow my horn, but a small number of friars and some diocesan priests have come to me, either for the short Sacrament of Reconciliation or some spiritual direction. Because of what I've gone through in the past few years (!!!) I believe God touches them in a special way through me. I'm a pretty good "wounded healer," & I'd like to grow in this healing... of myself and others, as in spiritual direction.... Thanks for listening, [REDACTED] (Whoever goes to the Cin. meeting, I would very much like to see notes, papers, taped talks etc.)

Dear [REDACTED]

Greetings from SB. I keep putting off writing to you... and the time is slipping by.

Before I wrote the address in a recent Provincial letter, I wanted to check with you, in our continuing education program.

At the end of 1981, I wrote to John Altman about my great interest in spiritual direction or counselling.

So I'm very interested in the Spiritual Direction Program coming up in March in Cincinnati. This area has continued to be very important to me. I believe that because I have a very deeply human and deeply spiritual counsellor myself, that this has helped me grow in this gift of spiritual counselling with others. A small but growing number of persons have come to me here for such counselling.

When the Cincinnati program 1st started, I believe 1 of our friars made it. I heard it was so-so and needed improving. But more recently, I've heard much more "positive grades" about it, which has increased my interest.

I don't know if many of our province have applied for this program. If they have, I feel I should wait. I've been very blessed with 2 excellent programs: my scholarship to the Fordham U. Religious Education program back in 1975, and in 1982, the very special grace of the Assisi program. I'm very grateful to the province for this.

SO... if there isn't space this time, I can wait till another time. If there is space on this program, I wanted to check with the province first.

I believe I could grow and benefit greatly for the ministry of spiritual counselling that is vital part of my Franciscan life now.

If I were accepted, I think it would be fairly easy to line up substitute help for me here and at St. Francis Hospital.

Since the deadline to write Cincinnati is Dec. 1st I'd appreciate if you could let me know as soon as possible if I should write, apply or wait.

Thanks very much!

SAD ARTICLE

To the Editor:

I just lost my appetite. I was reading a sad, sick and depressing article in your paper, "Reagan's War on the Poor," [11/11]. The article by John Raymond was top-class journalism. I'd like to thank John for all the hard work and research he put into that piece. He sketched what I sensed long ago, the masterful job Mr. Reagan did as Savior-Governor of California. He found a magic wand. He found his much-needed scapegoats in the poor, especially those "lazy, welfare-cheatin' poor!"

The article's facts and figures give graphic proof that Mr. Reagan carried his same battle against the poor onto the national stage. Since he spouts charges about the laziness of the *poor*, (some truth here, I'm sure,) why not also unmask the proven, vast cheating of vast numbers of *rich* individuals and corporations, through many clever Santa Claus gifts like tax cuts and loopholes.

I believe Mr. Reagan, his administration and his top pentagon buddies' highest-in-history "Defense" budget is an outrageous and immoral offense, not true defense. It could be cut (like the poor are being cut), and our national security would not be jeopardized. And what

about our gross military inferiority to the Soviets? A recent Defense Department study doesn't quite agree with the president. It says, roughly speaking, without the complex statistical data, that we and Soviets are about evenly matched. Oops. The boogey-man "window of vulnerability" has been cracked.

But many who feel we are loyal, patriotic Americans believe that the price tag of just a few nuclear submarines and missiles would go far in aiding our crippled, constipated economy. This would go far to stop stepping on the truly poor, disabled, jobless and elderly. They are not "nothings." They are human beings, God's creatures.

I thank John for the caring sensitivity he showed for the poor in this fine article. I only wish the president would stop in and learn some of this on his next \$\$\$ jaunt to his S.B. White House. If not, I hope and pray that Hollywood Westerns would be a super, star-studded stage to let his true talents and goodness shine and smile bright.

Then, maybe, we can get on with our struggle to be, to become in un-fake reality, not hollow poetry, an America "with Liberty and Justice for all," not just for a few, but for all.

Dear Sean & The Community

June 15, 1982

Greetings to you and all the gang at ol' St. Francis Retreat. . Hope life's treating you OK.

I've delayed writing this. But it's been several weeks now since you and Tom and I sat down for our long talk. I really appreciated that time together:
- filling me in on changes there (like growing numbers & depends- expansion!
- Tom's question: if I would get bored, with not a great deal of retreats for some time, and my chance to give a variety of possibilities I saw. I was going to repeat some so I have it on written record.

I saw the priority in simple ministry to our own community (e.g. helping in celebrating the Eucharist, and the work in the gardens or....where help was needed.) I could see at least offering to help out in just small ways in the scheduled retreats, e.g. a talk, a Eucharist, a film, the stations, The sacrament of Reconciliation...according to the priest in charge of the retreat.

With the approval of the staff and community, on a small experimental basis, I could do what I did recently in Provo, Utah, have a "triduum"- a 3-day "mini-mission" in parishes closeby. I know several pastors in the area who were very interested in this idea when I spoke to them two years ago. Without any extra muscles or energy, this could also be field work, leaving brochures with the people about St. Francis R. our retreats and monthly days of recollection (English & Spanish.)

All the above are just possibilities, in answer to Tom's question. I wouldn't jump into them all! I'd simply like to discuss them with the community and listen to them, and together set priorities, doing some things, dropping others. (Eng. & Span).

Our session went long enough. You asked me, IF I should ever return, how I saw me fitting in and some of the possible needs of St. Francis I might help meet. I didn't think of it till it was too late. I wish I would have asked you what needs you saw to be filled by an new priest coming there. That's might important!

Even though my name was not on the list you mentioned of possible/probable friars to come there (Juan and Jeff) I was wondering if that meant there was no possibility at all for me. I wasn't sure if this might be a reason for not writing me since our good-bow-wow there. It did give me a little hope when you said you'd write me and ask for the two recommendations, of my doctor, and my counsellor, spiritual director, Armand.

You also mentioned you might draw up a sort of simple "contract," about what and how much I would do, if I should ever come there. I heard you very clearly when you mentioned [REDACTED] concern, that if I ever came there, that I wouldn't be doing too much, too fast. Although my track record here hasn't been At, Sean, I know I have learned a lot in this area, how to slow down, to be, not just to do. I've found out "slow stillness" is a heavy priority in growing in my spiritual life with God. Then I can share this with others in prayerful ministry. To me, this is a very important example of why my ongoing work with my spiritual director and my doctor (who are both still close by) would be "muy importante." And as you said, being open to your observation of me and telling me this, would also be a great help.

Startin' to yawn. Time to climb in bed. I'd sure appreciate hearing something from you, Sean. And again, thanks very much for the chance to get together with you and Tom. You've got a giant-sized job there. Keep up the good work!

HANG IN THERE!

Dear [REDACTED]

July 10

I was hoping to write you a fuller cover letter here in NY, but I think I'll do that in Paris.

The letters are in order:

- ① My letter to Sam - after my long meeting with him & Tom.
- ② The belated response from Sam
- ③ The letter from Dr. Brattin
- ④ The letter from Harold

Hope you're a good worker. I'm sure you have enough to keep - business, problems, the plates, etc.

I'm looking forward so much to our Brain Program. Don't forget to send me your resume & your response to apply.

Here at 31st St - The Chorges just came out. Everyone's buzzing! The hot case of Louis Love,

This is an addition, I wanted to put on a separate page. I hope this is confidential, Sean, between me and you, (and Tom if you want.)"

You explained to me how you and others in the community have seen a big change in Godfrey. (And it was more than the Assisi program mess!) You said you didn't know how to go about talking with him about this matter. Would you meet openness or a mini-explosion? You mentioned the close friendship the 2 of you have had for many years. That makes it rougher for you....

Then you asked me, if I were to ever come back, how would I cope with him? And I explained- I've noticed the changes too. Amen! Godfrey has many fine qualities. There's no doubt about that. But there seems to be some deep problems inside him. I won't attempt to play psychologist here, but he has changed a lot.

I explained, if I were there and he were there, when he came up to me and started talking strange (as he did when I was there!). I wouldn't let him drain me. I'd try to be polite, but then I'd just move on and leave him talking....

Fr. [redacted] told me it would be good for the stability and well-being of the community to have Godfrey stay there, I feel that would be very true and good- of the past Godfrey, not of the present Godfrey. And it may be a passing thing. He may return to the past Godfrey.

If not, I think there could be truth in what one friar told me. He said, if the Provincial and definitorium really want to help the good and stability of the community there, it might be good for Godfrey to get a fresh start somewhere else (without hurting him---a delicate task!) And then a fresh start would be made with a new man for the good of the whole community.

I really believe if Juan came there, with lots of big adjustments to make from his parish ministry and community here at ye'ol'mission to his work and community there, it would be rough. And if Godfrey were still there, watch out for some fun, colorful, sparkling 4th of July fireworks, (the present Godfrey.)....(In my openness with Juan, I'm showing him this letter, so I'm not talking behind his back! !)

I'm very deeply grateful to Juan for all he did for me here, especially back in my sick-y days. I feel close to him as a very special brother.

If you talk with Juan (before the changes are made) as you and Tom talked with me, I think you'd find many very fine qualities in him which would make him a darn good retreat man there! I feel you'd also find, as in me and everyone, some, ... particular rough edges that might be hard to work with---with you and the community.

In my remarks here, I'm sure not trying to be judgemental of Godfrey and Juan. I look 1st to myself. But I've also tried to be honest and avoid old B.S.

Finally, this is a pitch for me- honest, not sneaky. I think I could work with Juan, not perfectly, but much better than Godfrey. I think we could help each other serve the community since we know our own and each others' gifts, and the character/personality traits that we need homework in. We've had some differences, for sure. They've been minor. On the plus side, we've shared a lot as brothers.

*** To wrap up, after over 1½ years of thinking and praying about what God has in store for my future, with the strong recommendations of my doctor and counsellor, I feel I have much to share with our community up there and those who come there in your ministry, and I would receive from them too. But even with 33 recommendations (including chancellors; priests, and laity,) I know if I don't have your OK, that's it. And as I mentioned before, I'd be very glad to be allowed to come there only on a temporary, trial basis (say for 6 months), so you see me closer, if my words are yummy B.S. or real!%\$! I'll leave it go at that. END of EPISTLE

SAINT FRANCIS

RETREAT CENTER

1 July 1982

Dear David,

I received your letter the other day, and as usual, it was great to hear from you. I'm sorry I didn't get to answer it right away but we have been very busy here at the house and I've just been letting my mail stack up a bit.

I had completely forgotten that I said I would write you requesting recommendations both from your counselor and spiritual director and also from [REDACTED]. What I would like to do is do that with this letter.

I'm sure that you are in close touch with these people and this would just be a general disposition of theirs that we would be able to refer to.

David, the most important thing in the whole question is your personal health. I think the retreat movement is incidental compared to our life as friars. My personal feelings in this matter are that whatever would be best for you we would be very happy to do here at St. Francis Retreat. I have discussed this with [REDACTED] and he mentioned that we will go slow with it and I think that is a good way to approach it. The retreat house is very beautiful and can be very beautiful but it also can be a very hectic place if people do not pace themselves correctly or if they do get over involved. I know that from long experience of living in retreat communities or retreat houses. The reason I mention that we are increasing the amount of activity here is because that is a fact. Knowing that you will be able to deal with it much better before you get here than after.

In my last conversation with the Provincial he suggested that we do have our talk and I think it was a very good talk. I think we outlined our possibilities and our future here for the next couple of years rather well. We are dependent upon personnel, we need more and we have requested the provincial to meet that need. Just what he is going to do about it is have no idea. I know that [REDACTED] is concerned about you as a friar and wants to do what is best for you.

OFM CARR 1

SAINT FRANCIS

RETREAT CENTER

I can only speak for myself as a member of the lay/religious community when I say that I have very little power or authority over others in the community. Most of our decisions are consensus, most of them arrived through some experience that we have had, so I don't think my mode of operation is to just make decisions and then hope that they work out OK. I do prefer a consensus style and we have been trying to operate under that principal. In your letter you mentioned it might be possible to have a temporary try here and I think that would be a good approach. I think you should talk to the counselor and spiritual director about that. Somehow from your counselor we would need some way to, in layman's terms, monitor your reactions to your medication. We're not doctors or nurses or psychologists or professional people. We are just living here. We do understand that if you should get an imbalance in your system someone should be able to deal with it promptly.

In closing, I want to say that my concern is for your personal well-being, your growth as a Franciscan friar and your personal happiness. If these could be accomplished here at St. Francis Retreat I would be happy to do whatever I could to go in that direction. We will keep this matter in our prayers and I think you can go ahead and cautiously pursue it since there is a changed Chapter coming up.

I'm sure we will be in touch in the future.

I hope you have a beautiful experience in Assisi. Brother Mo is still radiating from his month over there last year and says it is just a gorgeous place and loaded with Franciscan lore and feelings. I hope you can absorb much of this while you are in Europe. Above all, relax and have a good time.

Re: David Carriere, OFM

Dear [REDACTED]

As you know, I have been seeing Fr. Carriere regularly since he returned to Santa Barbara nearly two years ago. In addition to receiving psychotherapy from me he has been stabilized on what appears to be an optimal dose of lithium. The latter, of course, is to prevent the dramatic mood shifts that marked his periods of psychological decompensation in the past.

Over the past two years, Fr. Carriere has gradually assumed increasing duties at the Mission and filled in for the ailing Chaplain at Saint Francis Hospital. From my understanding he has performed the tasks assigned him quite responsibly and satisfactorily.

Fr. Carriere wishes now to return to his previous work at the Saint Francis Retreat House. From a clinical standpoint I would clear him for this move. He recognized that it is imperative to not only take the lithium but have his blood levels and general condition monitored by a physician (preferably a psychiatrist).

If you have any questions regarding this matter, do not hesitate to contact me.

Sincerely yours,

Franciscan Fathers of California

Dear

I am writing this in response to a request by Father David Carriere.

As you know, Dave and I have been meeting for the entire length of his stay in Santa Barbara. On one occasion I participated in a joint session with him, [REDACTED] and Doctor Grattan.

I think that the Old Mission has been an ideal place for David to recover from what newer approaches are discovering is a biochemical malfunction. Certainly the lithium carbonate treatment has been helping greatly.

I am most proud of the way that David has pursued the psychological and spiritual aspects of his illness. He has been courageous in looking at his weaknesses and doing something about them.

I have told him and you that San Juan Bautista would seem to be similarly ideal in that the pressure is low and the opportunity for quiet and for physical exercise is abundant. David is both dedicated to and practiced in their use. He would also be close to persons he can trust medically, psychologically and spiritually.

Until medicine better understands manic-depressive illness, David will probably need to be very careful about stressful situations. He understands this.

It has been a joy to be with David. I will miss him.

Sincerely,

OFM CARR 1

Dear [redacted]

July 20, 82

Hi & greetings on the
rough banded, Western stationing.
The sun shining bright as if
I look out on our garden top
roof - over the Galeto Valley.

I had hoped to write this
up sent it along with the
other letters from Arnold
& Dr. Bratt. But time ran
out & I left home.

I did want you (and the old
& new definitions) to have this
at your meeting after the chapter.
... Only "Union - Character"!!
Type written here, so I hope you
can make out my writing.

I just filled up the bill from
our Prosperful Eulogist, talk &
talk of Son & mine.... I'm
so grateful to The Province & You,
for this rich gift of coming here.
I feel I'm growing a great deal -
not just in my old tourist - non
Places & experiences, but mainly

OFM CARR 1

growing spiritually, closer to Jesus
& through him, closer to the Lord.

Just bumped into our official
Provincial Council & staying since
Montreal (& before) He said he'd
be glad to hand del over this to you.

I've sent you enough epistles
already. I just wanted to sum-
marize how I see, believe & feel
things - in me & in our Province,
looking to the future for us.

① After almost 2 years of leaving
St. Francis Retreat (SFR.) last
returning to St. Barbara, I've
lost some of time, but to be
honest of a painful wound -
Thanks mainly to Donald!!
2nd I've had time to think,
pray, meditate & discern &
talk over mainly with, Desmond
& Dr. Patton, others friends
like you through all this
I've learned from the Past -
my goals & my very good ministry.
And I've shared with all these people
my dreams & directions for the future.

② After all this, and the recommendations I've received (and I could get around now, if I wanted to flood you... like the very kind Welcome letter from the Chancellor of the Monterey Diocese, if I were to return to S.F.R.)
Especially, the deep love spiritual peace I feel inside me...
I don't think all these could add up to the counter-Christ ^{signs} in regard to the future.

③ I have felt a few guilt pangs, knowing the big gap in the Province for men in Parishes. When you mentioned that to me, I went thru the Provincial Catalogue several times. I looked for Parishes where I might do well & be well.

The 1 & only possibility was Provo. That's why I took your word & Oscar's invitation to give a Lenten mission at our Parish there. Some great people, very responsive in the mission. Some very fine friends, but after discovering a few things, I knew it would not be good for me to go there!

--- So back to my S.F.R. request.

2) So ... back to my request, I realize if they sent a friend there, if they were happy in a charge, they could use a 2nd friend ^{like} me.

If Godfrey remains there, as originally planned, they really would not need another friend. But I believe my being a 2nd my being, my ministry will be a meaningful & prayerful help to our Province, to our Community of SFR & to the People of the Monterey Diocese, both English & Spanish speaking.

3) I'm glad I had the long talk with Dean & Tom at SFR a few months. They told me of changes there, like growing numbers!! (not a "crisis" yet - Thank God. I couldn't take that Price)

Dean reminded me of your concern, not to go too fast! Although my report card has it that I'm in this, I think I've come long way. I feel - if I keep my SFR goals of 4 years ago:

- to go slow, & not race ...
- to take my spiritual life my #1 priority.

(29. Both Community & Personal :
Eucharist, spiritual reading, meditation,
all aiding my closer relation with the Lord.

Then, what I will be able to come with
time & with discussion with John
& the Community - e.g. The Mini-
Mission idea (as in Progress). I think
I have some special gifts in this -
for reaching out to Provincials must use.
This would also be "field work" - getting
the word out more about our retired House.

If I keep to these Priorities
then the words of John's letter would
be reality: "Briefly, the most important
thing... is your personal health" "HAPPY!"

⑥ Not to do the above, as both Dr.
Dutton & myself stress, I want to
continue my work with both my
Counsellor & Spiritual Director,
Who, thank God, are both still very
close by.

Dr. Dutton also stressed the
ongoing Blood Tests. For my several
years, I've never missed a monthly
Blood test - which he says should
be monitored by a Paediatrician - I'm

sure for. Gerb Crone would
be happy to do this. We
love to know each other quite well.

⑦ Then, my request to be allowed
to go there - is a temporary one: 6 months.
Both Sam & I felt this was wise.
I'm very confident & positive about
those 6 months ... that they may continue.

o o o o

To wrap up, I've been taking
out long notes from the talks
on the Oregon Ave (Excluded talks.)
But I'm getting long-winded again.

I sure hope this finds you
well, Louise, not too nervous
about the Chapter. I'll be
asking the Lord to guard &
guide you all in the Chapter.
- I have give a special "shout" to
~~the~~ Vamps for me: I was very
disappointed we missed each other here.

PS - I repeat the wise words of
James of Spolito: "I'd love to come
with the angels, but I live with Turkey".
PSS - If one of the above works out, I'll
be glad to sit down & talk with you what I
feel like ... But keep you, Louise, love, Sam & Hermie
as the 4 of us - I wish

-4-

PSSS.

Almost forgot, don't
write letter of recommen-
dation, about my possible
return to SFR - from
Memphis, dr. Guster (you)

You've got enough to
worry about. But maybe
during chapter, you could
let her know how your
feelings briefly now, or
know you've talked
before on this matter.

Ciao!

Dear Dave:

Thanks for your recent letter and the post-card. My, aren't you becoming famous! First the "Song of Christmas" and now an Old Mission post-card. That is quite outstanding. It's a good picture. You always look so young. I told you that even my mother said, "What happened to you? David looks so young." Of course you are a lot younger than I, but you look even more than that.

Appreciated your assesment of possible people for guardian etc. We have the meeting coming up and we certainly are going to have to pray to the Holy Spirit because I really don't know how to best respond in that situation. It is really a tough one.

██████ got off amid a flood of tears, both from his side and especially from all his loving fans. I know he'll be great over there, but it will be a tough adjustment.

Thanks again David for your warm support, especiaally whenever I visit the Mission. Look forward to seeing you again soon.

Faternally,

David Carriere, O.F.M.
Old Mission
Santa Barbara, CA 93105

Dear David:

Perhaps by now Berard has talked to you about our decision at the recent definitorium meeting. But I do wish to convey it personally by letter. We have discussed your request before and we did discuss it again. I'm afraid I have disappointing news. First of all, there is really a lack of clarity as to what is going to happen at San Juan. Presently Bill Sisk and Larry Gosselin are there, and Juan is still hoping to go there. We have not decided what to respond to Juan's request, pending further meetings both with the staff there and with Juan. We do hope to set some kind of direction at San Juan, and it is important that we meet with them and help to determine this. Nevertheless, it just does not seem that it would be necessary or best for you to be there.

Secondly, upon discussions with the ~~different~~ people involved--the doctor, etc., it is our feeling that it would be better for you at this time to remain at Mission Santa Barbara. You have done very well there, and we do just have fears that the situation at San Juan would create once again the tensions that you experienced before. It would surely not be to the same degree, since Barry is not present, but still it's a much more enclosed situation and a more tense kind of situation. I realize again that this is a difference of opinion from your own assessment of the situation. All I can say is we've given it a lot of thought and discussion and we all feel that it would not be a wise move. When I say David that we have given it a lot of thought, I mean a great deal of thought, because I know what a disappointment this is to you. Nevertheless, we are simply convinced that it would not be a situation that would work out well. The tensions are already there, and your coming into that situation just does not seem to be healthy.

Thirdly, our other consideration is that it just ~~does not seem that a retreat~~ work would be the best thing for you at this time. It takes a lot of intense time and that might be a bit much. You do very well in your liturgy and in the various other presentations that you make, and particularly more and more in your relating to other people. We are very, very happy with the progress. However, a retreat is quite demanding, both in hours and in intensity, and it just does not feel

O.F.M. CARR 1

Oc

Page 2

like that's the best place for you at this time.

I know that you have said that you were not thinking of a whole retreat by yourself but of maybe helping of a retreat or doing shorter things, nevertheless, that is the nature of the work at a retreat house and it seems to us as we look over the demands of that particular position, that it would not be the best for you.

Once again, David, I know that this will be a painful and disappointing letter. I'm really sorry that we have to respond this way. Perhaps in a conversation with Berard, you can get a little more understanding. In any case, John Altman and I will be there on the fifth of November and we could also discuss it more at that time.

At the same time as not granting your request to move to San Juan, we do want to affirm your presence at Mission Santa Barbara. Our decision was based not only on the fact that San Juan did not seem to be the best place, but that Santa Barbara did. We are very impressed with the way that you have been able to fit in there, and the progress that you have made. The feeling was to go with the winner. I believe that Dr. Graton would support this viewpoint. So we do hope that you will continue to take advantage of the Mission and contribute in the way that you have thus far.

David, please be assured of my love, my support and my prayers during this time.

Your brother,

Dear [REDACTED]

April 18, 1982.

(invitation)

Howdy! Along with our class reunion, I wanted to add a little epistle for this 2nd Sunday of Easter. I wish you all the rich blessings of the Risen Lord. "Peace be with you,"...and with all our peace-less world. It was good to talk with you in Holy Week. Wish I could have been there with you in Vegas to celebrate Calvary and the Lord's Resurrection.

A few things about the future for me..... You mentioned on the phone that you didn't have the chance yet to sit down and talk to Sean yet about possible changes at San J.B. I wasn't sure, but it sounded like possible changes about the purpose, goals of SJB, not just personnel changes. If so, is there some question whether I would fit it there? And as we talked before, you mentioned Sean's question, if I should ever happen to return, would I be a constant "protestor?" I'm looking forward to the chance of having such a talk with Sean. I think he's got enough to worry about there. And I could give him peace of mind that I wouldn't be that protesting pain in the(now that my departed brother has departed.)

I didn't know if I was any problem to Sr. Maria on the team there. She's given me mixed feelings. I was very favorably impressed with her on our 1st chat! I saw a lot of goodness in her, but when I returned for Ernie Larkin's workshop, she was hard to figure out. Besides being very tired, she gave me the feeling that I scared her??? Oh Lordy! Then today, I found out there are pro and con feelings about her and her future there. What else is new?!

You mentioned there is some "competition," in that other friars have expressed interest in going to SJB.

All I can do is to remind you and the definitorium of some strong recommendations going for me, after over 1½ years to think, pray, discern, share with doctor, counsellor, spiritual director, provincial, other friars.

a. You heard Armand's recommendation on the phone not too long ago.

b. Dr. Grattan would give you a similar strong recommendation if you asked him, c.

When I talked with Dr. George Mc Lendon, my coun selor while at SJB., he was very happy and hopeful for my possible return there.

d. You saw the kind letter of WELCOME from Todd Brown, the new chancellor of the Monterey diocese, should I return to SJB.

e. When I had a long talk with Ernie Larkin, he already knew all about me (through a mutual friend) and about Barry. He felt the above recommendations, along with my prayer and deep inner peace, were all strong hints and signs that this may well be discerning the Lord's will for me, in returning to SJB. (He hopes so!)

---From my Provo Lenten mission, I learned two things. 1st, I was strongly reinforced outside and inside me, that my main gifts are in retreat ministry! 2nd, Provo had been my 2nd choice, in case SJB didn't work out. Some very good friars and people up there, but it is no longer a choice for me. I'll explain in "the flesh."

---I heard Sean may make R. Rohr's retreat. I was going to ask if I could go up on the bus for the last day, then come back with our guys here. Then I could see lots of friars, including Ray(!) and SEAN. Do you think I could talk to him then, or is that too early? I'd appreciate it if you could let me know.

Now I'll let you get back to the real "Heavies" of the Province headaches! Take good care of [REDACTED]... In the past weeks, several people have praised YOU thru me, for the superb job you did on that weekend Peace Workshop. Right On

Yours Bro. in Christ & Grace, Kne

Hi

April, 8, 1982

Greetings! How the time flies.... It was just Christmas...then Ash Wednesday & Lent.... today, the day of the Lord's Supper... and Resurrection Sunday!

Before any more time flies by, and before your calendar books get jammed for June, WE wanted to send you a very special HIGH PRIORITY INVITATION! WE = 4 of our ol' faithful fading silver jubilee class. We attended our Regional Council at Malibu last month: John Peterson, Joe Prochnow, [REDACTED] (we squeezed him in) and me.

Since we couldn't all make our little class reunion last year, could you make it this summer, to close our anniversary???

There's no perfect date for everyone, unfortunately, but for [REDACTED] and all 4 of us at Malibu, the 1st of June would be the best time.

*** That's from Tuesday June 1st (around noon) till Friday, June 4 (around noon).

Hopefully, that wouldn't run into parish weekend work.

-This is right after the Memorial Day Weekend.

It was also agreed last year, if we had a get-together this year, we'd take up the invitation to return to the [REDACTED] Cabin at Crestline in the San Bernardino mountains. It was "Super Grade AA" last year..... It was thought to be a little south by our northerners, but once they got there, they said it was well worth it!

* * *

SO... after the Holy Week rush Blahs and rest (hopefully), please check your calendar. Sure hope we can all make it. Could you please let me know by the end of April how it looks for you.

(You might mention, if you're flying in, if you would need a ride from the airport Tuesday late morning or when....)

As we did last year, we'll take care of the food when we get up there.

I'm doing fine down yonder here in ol' SB. A little warmer here than the Las Vegas Nuclear test sight last week, and especially Provo, where I gave a Lenten mini-mission at our parish.

Sure hope EACH of YOU is fine. Hope to hear from you SOON.
and really hope to SEE & TOUCH you in June! \$%#&@!

Your Bro. in Christ,

- Dave

Thanks for the just offer.

Sure hope we can make it

MY POSITIVE GOALS

June, 1980

Recently, both my doctor and my spiritual director asked me to be less negative (about some past deep hurts....) and to be more positive about my future. They asked me to write down my plans and dreams for my future ministry IF I would be allowed to stay here. SO, I did:

1. Starting with me, I want to continue (and do a better job) to read and reflect and become more deeply a man of prayer, a man of God.

Also, for my continued personal, emotional, and spiritual growth, I want to keep up with: My psychologist- twice a month and my spiritual director about each 6 weeks. (I'm lucky also for this growth to have a prayer house and a "Poustinia" close by.)

2. My Ministry Priority. Now that my weekend help at San Miguel is finished, I want to make my #1 ministry priority, being more available for retreats, Days of Recollection etc. here at home. I believe I have much to offer God's people here as part of the team.

3. Work With My Own Community. I want to try and do my part to help reconcile, mend hurts and build community, right here at home with our Franciscan-lay community. I want to be open to them all, and I expect the same un-prejudiced openness to me.

(The following I would drop if conditions improved:)

-- In this area, I sure hope we can do what was discussed and passed months ago in in our community meeting: to try meeting with an outside facilitator- to help us: negatively, to face some problems and tensions we have here; and positively, to help us see our own (individual and communal) fantastic goodness and gifts and talents, to affirm us for ourselves and for reaching out to others in our ministry here.

-- Now that I'll be home more (after San Miguel) I think I can pitch in more with community work, especially the gardens and dishshift.

4. Spanish-Speaking Apostolate. I want to re-affirm one of the big reasons I wanted to come here (and was enthusiastically welcomed for), ministry with the Spanish-speaking of the area. I'd like to discuss this ministry with the directors here and to be available for work with them here and outside, when possible, with masses, days of recollection etc. in other parishes.

5. "Triduums" (weird name/0) One ministry I would like to experiment with is a new Triduum in parishes. (I already have 4 or 5 interested priests.) This would simply be 3 days (Sunday masses, Sunday through Tuesday evenings).

- The theme would be set with the pastor.

- The program would be Eucharists to begin and end with, an evening talk, sharing, a FCC film, sharing, prayer and refreshments. I'd like to try this since the priests were very enthusiastic about it...evaluate it, then continue or discontinue it.

I would also use these for "field work" for us here, bringing brochures and spreading the work about St. Francis Retreat and what we offer.

The above would be available in English and Spanish.

OFM CARR 1

6. Engaged Encounter. After being invited and urged to work with different diocesan groups and programs, after thinking them over and consultation with my confessor and psychologist and Barry, I said No. Then after 1st other request from the diocesan leader couple and the chancellor of the diocese, I got the approval and encouragement to work with the Engaged Encounter Program- on a trial basis. I would do it just 2 or three times this year, then evaluate it.

7. Relationship with our Diocesan Priests

I want to continue my close ties with a growing number of diocesan priests, on an informal, individual basis, and in occasional meetings of two groups: The Spanish-speaking apostolate and the Priests' Spiritual life committee of the Priests' Senate.

These take little time, but they're important ministry for me. The priests really appreciate my interest.

I also want to be open to them who come to me for the Sacrament of Reconciliation and spiritual direction, as a few have begun to do. This is an important ministry to me.

***Finally, to make sure I don't sink (in our mighty, muddy lake) and take on too much, I want to continue to make time to relax at home after work...duck-gazing, jogging, unwinding and also taking a day off as told me to do.

Dear Father David Carrier,

Thank you so much for such a beautiful and special mass. Personally, it was the most meaningful mass I have ever attended. I would like to share one evaluation statement with you, "Thank you very much for permitting growth, thus continued life, in the Church."

Dear [REDACTED]

Feb. 20, 1982

Greetings! Happy Pre-Mardi Gras and Lent.

Thanks very much for our talk and sharing. I sure appreciate your time, and especially YOU. We went for one hour. Long, but a little better than the "marathon" session with you at S.E. at the peak of my (in)famous crisis at SJB. I'm grateful you mentioned your talk with Sean and his fears about my "protests" if I should happen to return. After you mention our talk to Sean, I'd appreciate it if you could let me know. Then I'd like to have the chance to have a talk with him, when our paths cross. I can explain my trust in him and Tom and their decisions, a little different situation than my my first stay there, with my since "exited" brother.

I would even be happy to have the chance to go there, be assigned there on a temporary (or "trial") basis, so they could live with the David of 1982, not of 1980. I'm very confident I could work very well with the team there. It would be a new ball game, even though I'm aware things aren't perfect there. But in growing old, I've yet to see a perfect Franciscan community! !

One line of Christ in John's gospel has been echoing over and over inside me. "I have come that they may have life, and have it to the full."

I feel I can keep growing myself in Christ's full (not fraction) life. And I believe I can be an instrument of his life to many others in retreat ministry, at SJB.

From my past there, I know it is very conducive to growing in my prayer life, (sacraments, prayer, meditation, quiet...being, not just doing. Through these, I can in turn share Christ's life with others, in retreats, Days of recollection, talks, limited field work, if desired....

In my time with Ernie Larkin at SJB a few weeks back, I was reminded of two special gifts I have that I can share with others there.

1. SJB, is a FC. Media Center, (thanks to Barry- and I thanked him many times for making this possible!!) I've worked with films for 8 years at Fresno, with our high schoolers and with University students; with adult ed. groups at Mt. Carmel- at meetings, days of Recollection, with the Eucharist and the Sacrament of Reconciliation.

For example, I've used films on these occasions to show how our faith and Christ's full life includes both our personal and family life, and also the broader world around us of social gospel justice...e.g. how we are called to be peacemakers in Christ and Francis, in prayer and action... to assure that Christ's full life in his creation and creatures is not damaged or destroyed, but safeguarded and protected. (I might even use that "Commie" booklet, "Nuclear Pacifism!")

2. The other gift I used in my months at SJB, was music.

Arranging meditation music for liturgies (for our own community and for retreatants) meant a lot to people. They appreciated me doing this very much. (I'm not allowed to do this here, but I do it for the Sisters at the hospital. They like it very much!%) SJB has a very good collection of liturgical tapes. And I have a collection that I've made from borrowing records from library and friends and taping them, and some supplied by super sister, Charmaine.

Fr. Ernie Larkin and the group with me at SJB a few weeks ago were very grateful to me for the tape-song-prayers I arranged for each day's liturgies. That was at the request of Sr. Maria from the team there.

OFM CARR 1

0127

Also, in the world of music, my piano playing is fun when I see it lighting people up, not just at liturgies, but at short sing-a-longs I had at SJB at the end of a few retreats and days of recollection. I saw a lot of life in people, especially with older and middle age groups.

Again, Fr. Ernie and the group thanked me "mucho" for playing the piano at our party and sing-a-long that Ernie wanted on our last night there....(I just interrupted this letter again for a fun Mardi Gras Institute party and sing-a-long, at Tom More's request. Those guys really belted out- good voices.)

March 3. Time's too short. This letter has been gathering dust, or Lenten ashes.... When you mentioned there might not be enough work for 2 full-time friars at SJB, I mentioned different possibilities. I think these could be good reach-out and field work, to help in parishes and at the same time spread the news about our ministry at our retreat house.

The enclosed page gives "My Positive Goals," June, 1980 (when things were getting bad!) #5 ("Triduum") interested me and many priests that I talked to back then. I feel this has great potential, on a trial basis.

The rest of the page of my goals would still hold right now, if I were back in SJB. Ofcourse, I would want to use my gift of Spanish there. (Goal #4.) And our spirituality and spiritual direction as priests is still a high priority. (Goal #7) And I still PROFESS MY FAITH in my last goal sentence (about being, not doing,) "relaxing time...duck-gazing, jogging, unwinding and also taking a day off as told me to do!"

One item on my goal list, #6, I would not be interested in, at least in the start, Engaged Encounters, even though the chancellor had recommended me highly for this back then.

Also [redacted] stopped by and mentioned that he occasionally needs help at St. Clare's on weekends and more on a day during the week. If he remains working there (from Berkeley) and it wasn't interfering with our schedule at SJB, I'd be glad to give him a hand once and awhile, starting slow.

I mentioned I feel happy and at peace with myself and the Lord. The affirming encouragement from people like Dr. Grattan and Armand for moving ahead with the possibility of returning to SJB makes me feel very good too.

If you'd like some other positive backers for this, you can check with a few people I've had long talks with about my future:

- [redacted] AMEN to SJB!
- Gert Cryns, my close friend who saw things disintegrating at SJB and felt terrible for me. Another AMEN!
- Ernie Larkin O.Carm. He knew all about me ! (& about Barry) He thought that would be great to return to SJB, especially with the YES-recommendations, from my doctor and my counsellor/spiritual director.
- George McLendon, my counsellor at SJB, in Aptos. Had a short visit with him at my workshop with Ernie Larkin. He was so glad to see the "new David" and is hoping for my return there. (He thought having a backup 2nd choice was wise too, wise.

(Ronnie Reagan's pulling into town any hour now, but I'm afraid I can't get his endorsement. He knows what a ---*%&\$#@! I think he is.)

Last, but not least, The Sisters of St. Francis Hospital. Talk about enthusiastic affirmers of their (ass.) chaplain. What a delightful difference from Most Holy Rev. Sacred Mother of the Poor Clares (or wherever the slight sickness resides, in the midst of fine community of holy, deeply spiritual women of Christ & Francis. Oops, a slight aside.)!.... I'm confidant Sr. Sylvanne (#1 in the hospital) and Sr. Mary William, the superior, and the others too would give me a top report card. I've really enjoying celebrating the Eucharist with them, and working pastoral care Sisters in our hospital ministry.

When I mentioned to you, if by some freak accident, SJB didn't work out, Provo would seem to offer many possibilities. (And you mentioned one friar will be leaving there.) I talked to Donan about the possibility of giving a Lenten triduum up there towards the end of Lent. Donan was very responsive to this idea.... And as of today. Marcion saw the doctor. He's finally been feeling a little better. The doctor gave him permission to start back to work gradually. (And I reinforced the "gradually,") So I hope the Provo event can take place later on.

* * * * *

And finally, you and I talked about the possibility of having a few-day class reunion (closing our 25th!) since last year's was so great, but some couldn't make it. Could this be back at your folks' place, or is there a better place?

Do you have any open dates in June (early, middle, end). Let me know, and I'll get the word out to the others.

Thanks a lot. [REDACTED] This was a longer epistle than the last.

Hope you're taking it EZ. Don't forget, under all the pressures and headaches, Long live MIGUEL RATON.....

MICKEY MOUSE!

Dear [REDACTED]

Dec. 28, 1981

Happy Holy Innocents' Innocence. I guess you've been B-Z on the road. Hope you got to relax a little and celebrate a Blessed Christmas.

I'm sure you have plenty of "heavies" on your Definitorium meet agenda. Since time will be given to the retreat ministry, I wanted to add a few thoughts to my last letter. At that time, I explained my thinking and praying and talking it over with Dr. Grattan and Armand, about my future, come later in the summer.

Because of several signs, I feel the Lord may just be calling me to continue the very good (not flawless!) retreat ministry I began at SJB, for both English and Spanish speaking people. And that came about only after many months of similar prayer, reflection and consultation with my counsellors here, with you, with Barry and the community who eventually said yes to me, and with the permission of you and the definitorium, enthusiastically welcomed me. I really don't think that it was God's will that all that be destroyed and ended. (Don't mean to "play God.")

That's all in the past. I'm living my Now, now and am very happy (even with a little extra load at the hospital during Marcian's recuperation.) I feel at peace with others, with life, with the Lord and with David C.

These are some positive signs I feel drawing me inside, to ask about the possibility of returning to SJB.

1. At our recent Social Concerns meeting there, I had a warm welcome feeling about being "home." The lay persons there made me feel good. (I know they were sad and felt bad at my leaving....) What a difference it was to experience a BIG absence.... enough said.

Godfrey was in good spirits with me. I know that after his being "on my side," then kind of turning against me towards the final crisis, I did give him reason to feel scarey about me then. I had been kind of ripped apart.

Sean was gone to another meeting. But he got back just in time to give me a ride to the bus in Salinas. We just had a brief talk. I complimented him and the community for the good job they were doing, from reports I had heard. (I told him the new Sister there seemed like a very fine person, from the brief chat we had.) I didn't say anything to him on asking about the possibility of returning there. I just hope he wouldn't vote against me, as I was towards the end of the crisis, instead of David today.

I think it was Godfrey who mentioned the community still has some old problems to iron out. But I feel, what community doesn't??? I'm not in search of the Franciscan Disneyland Utopia.

2. I've kept contact with a small number of diocesan priests in the Monterey diocese. In my stay at SJB, I really found some fine men there. I showed my appreciation of them and the ministry of their diocese, and they appreciated me very much. (Occasional preaching in their parishes, when not tied up with a retreat, would be enjoyable "field work" for me, for St. F. Retreat, if that seemed helpful.) One of my closest "fans" there was the chancellor, Msgr. Phil Maxwell. I sure appreciated his support and affirmation...another mini-sign? They are due for a new Bishop before long. That seems to be a hopeful sign for "new beginnings" in the diocese, according to my priest friends there.

3. My spiritual director and psychologist are still close by SJB. That would make my ongoing work with them very simple.

4. The enclosed copy of my letter to John explains my deep interest in spiritual direction and the Sacrament of Reconciliation. I feel this could bear much fruit there, for both the retreatants and some priests of the area, which had just started to happen in my short stay.

5. As in my first stay at SJB I feel the peaceful setting would be very good for my physical, mental and spiritual health and growth.

From my previous letter, I asked if there might be any possibility of Juan and I going to SJB since he wants to enter retreat ministry. I just wanted to make it clear that this was no necessary "package." He has expressed his interest in this apostolate. He sees possibilities for SJB and other places like Malibu, if there were an opening. And because of personnel shortage, I realize he might be needed elsewhere. Because of my past background, SJB would still be my #1 priority.

At your visitation, you asked me if I had ruled parishes out. Although retreat work is my obvious conviction and priority, I would be open to hearing your ideas, suggestions, options for parish ministry. I understand the personnel problem there is getting serious.

** If you do stop by here on the way to SLR, & if you have some extra copies of your letter on Nuclear Pacifism, I could use 9 or 10. Been giving them to my "Peace friends" here. You're (in) FAMOUS!

Before any final decision is made about me, later on, I'm sure you'll be checking with Dr. Grattan and Armand. I'm confident I'll get a very good report card. I've come a long, long way!!! The Lord's been working overtime with me. My own family and my Franciscan family, especially very special brothers like you, Louie have given me so much strength, support and love. I'm very thank-FULL to you.

Sorry for being so long-winded.... Rex just saw me. He sends you his love.

And I send along my very best wishes for a SUPER- 1982 !

With lots of Love & Grace,

Greetings. Hope your mission to Spokane was a success. We missed you at our meeting with Dr. Bratton. I think it was a very good sharing & very helpful for me, with some cautions for me, but affirmation. Raymond will fill you in.

I wrote Louis L. about conferring dates & details about our table gathering. I'll let you know as soon as I hear from him.

Had a good talk with Ray this morning about the Asian Experience. He feels it would be a good experience, but he explained some conditions on my part - which make very good sense. I guess I'll need to wait for the definitive approval before

[illegible]

Just a few things I wanted to mention. I had a very fine session with Dr. Graft yesterday. He thought I should terminate our session with May and I think that was very good, very helpful. May has probably misled you in one or two things and I agreed that staying in the area was the best solution for me. I don't know what you have to say about that. I don't want to go to Sacramento and I don't want to go to the prison either.

I took a 60-min walk with friends
negative & worry thoughts had more control
my mind better focus on a happy to

As with the other two, the answer is both positive and negative. In the first case, because of the lack of a clear definition of the concept of "one person-one vote" in the United States, the political system is not equipped with a clear standard for measuring the degree of equality of the vote. Dear David

It is always good to hear from you. Thanks for the encouraging words. I also enjoy being with you, and your warmth.

I am not clear on what the Assisi experience will offer next year. It does sound as though it would be available, and good for you. Could you discuss that with Ray when you have the meeting with Grattan and Armand. I think that might be helpful. I would have to present it formally to the Definitorium. Ray could bring that request after discussing it with you.

As for the jubilee celebrations that sounds good. I would be a little caustious about announcing what you would be using gift money for. There is some upset over friars asking for money for their jubilee trips. It might sound that way if you announced what you were going to use the money for. I know that you would not be soliciting it for that purpose, but it might sound that way.

The Tahoe gathering sounds great. I do hope that no one would mind my horning in. Josef and I have been talking about taking some vacation time together, and that would work in well. It would be good to be with everyone.

Thanks for the encouraging my jogging. I am trying to remain faithful to it. I certainly need it. This is one Italian provincial who does succumb to American stress. So I need to keep myself in shape.

Thanks again for writing. Looking forward to our next meeting.

With love,

Hi! Before I head out to greet our visitors, I wanted to drop you a line. 1st of all, thanks for coming to our Regional Council...thanks especially for the hugs and affirmation. You help me a lot! Thanks for being a very special, caring brother to me.

I had a few things to check with you, and some to ask permission for.

1st, You mentioned that since it was too late for me to make the Assisi experience this year, that I could put in my name for next year. May I go ahead and do that? An old lady, a good friend of mine from Phoenix is a close friend of Damian Isabele(?) and his successor next year. She's going to send me his address. I had been looking forward to the Assisi experience a lot, as I was pulling out of my sicknesses. Didn't think I'd make it to 25!

2nd, After talking with my brothers and sisters, I'd like to ask if it's OK to have 2 very simple celebrations for my "SILVER." They would just be a Eucharist and potluck: one with "the gang" my family in Willows at the end of May; and one in Fresno in the fall.

In connection with these, I'm sure some people will give money gifts. So I wanted to ask you if it would be allowed or appropriate to mention that 2/3 of their gifts would be for my anniversary trip next year, and 1/3 for our Franciscan Missions. ??

3rd About our "possible" class get-together, which would be great to have you, I was sure thankful that you offered your cabin. But in the meanwhile, I've heard only from [REDACTED]. He and Mike Dallmeier would like a get-together very much, and Louie would like to offer a cabin at Tahoe. He mentioned mid-July as good, which you said was a good month for you. So I'm going to see about other responses. Tentatively, I'll be asking [REDACTED] about July 11-13, or 14th. OK? Would be closer for you, at Tahoe.

Thanks very much for YOU, [REDACTED]

Keep up the jogging. Doesn't that help the pressures...a little bit???
(I'M sorry. I forgot ITALIAN Provincials don't have pressures....)

March 27, 1981

Greetings. Before I call it a day, I wanted to drop you a line. Guess you've been BZ with your usual work plus last minute visiting with John before he heads back to ol' Rome. I'm so glad and grateful he's doing so much better.... Hope YOU are doing OK. Keeping up the jogging? Good.

I just wanted to let you know about the request I'm making after a few months of thinking, praying and discussing my future...with me, Dr. Grattan, Armand, Ray, Arturo and Juan. I considered different "dream" and real possibilities--as the enclosed papers show. (ps. also talked this over with Alan)

After all that, I've decided to ask if I could be assigned here for the coming year. I am happy and at peace here. I've come to appreciate the community more than last time here, and I'm glad to be a part of it. I like my "non-sacerdotal" work and my non-pressured priestly ministry, especially the Eucharist and my hospital ministry. Enjoy working with Marcián. Also enjoy my time to exercise. Feels invigorating: jogging and tennis.

You mentioned twice the idea of a meeting to discuss my request. I'm sorry for not writing sooner on this. I completely forgot about checking with you. We had to get a date, so we choose Thursday, April 23, 4pm. That's been cleared with Dr. Grattan, Armand and Ray. If you could make it, that be great. But knowing your busy schedule, if you can't Ray can fill you in.

- - -

Just got back from a good session with Dr. Grattan. He mentioned you were wondering about the Poor Clare's incident.

The only response I had received before the incident (?) was from the two Sister Sacristans who were always so grateful for my masses and homilies- the same very positive response from a couple of the laypersons who go there regularly. So when the message finally filtered down to me, I was a little shocked. Things were vague, something about the content of my homilies not always fitting for the Sisters-I think...(and I prepare my homilies prayerfully each night in chapel and write an outline.)

Talking to Fr. David later, he told me: Don't worry about what people say about you. And don't ever try to understand cloistered nuns. Just go on without the Poor Clares. So I'm going on...even though I do miss celebrating the Eucharist with my Poor Clare Sisters.... Just for fun, you might check with the Franciscan Sisters at the hospital. What a different reaction than from Mother Clare!!! I ain't perfect, but the problem is not all David.

If you have any questions, don't be afraid to holler (not too loud!) Please take good care of LOUIE.

Your brother in Christ & Francis

Dear Dr. Grattan

I hope that life is treating you well.

I am writing regarding David Carriere. Father David Temple, the superior at the Old Mission, wrote me recently concerning David and suggested that I write you for your opinion of David's progress.

Father David Temple's concern, as well as my own, is that David still is not really in full touch with reality. When he ministers to people he strikes them as odd. It is very uncomfortable for many to assist at his liturgies, for example, when he says Mass at the Poor Clare convent.

Father David raised the question as to whether he will really achieve normalcy under the present program. Someone suggested a full-time care facility. But he wonders if even that would really be effective.

I am reminded of earlier conversations with you in which I raised some of these questions, would David ever be able to return to priestly ministry?

Our concern is that he is becoming more eager to find a full time ministry as time goes on. Although recently, I must admit, he is less anxious for a move than before.

I would welcome any suggestions you have. I hate to build David's expectations for a full time assignment in a retreat house or something similar, only to have to disappoint him later.

If it is too complex to respond by mail, you could call me collect, or perhaps we could arrange a meeting on my next visit to Santa Barbara.

Thank you for your assistance in this delicate matter.

Gratefully,

Dear DAVID *Carr*

I hope that you are well. Mary Jean Sortors said she met you recently at the mission and that she was very impressed with you (you prayed over her, she said).

I don't know if Ray discussed with you your request for the Assisi experience.

I hope this is not a big disappointment. But, we did have a number of requests. And since your jubilee is another year away, it was decided that it would be better for you to wait until 1982, thus giving those who are overdue (such as Walter) a prior chance.

Perhaps we can discuss this further when I see you. Also so far, no one from the class has made application, maybe for 1982.-

I am not sure if you are aware, but they have cut cut way down on the number accepted, and only with careful screening. They do have other tours, but this experience is quite selective.

Do hope to see you over the holidays.

Be assured of my prayers and love,

Dear [REDACTED]

Nov. 28.

Greetings! Welcome home. You're probably pooped. Relax.. even with that stack of mail on your desk.

Just two things I wanted to mention. 1st I wanted to let you know that my life here at ye ol' mission is coming along quite well. I still put the emphasis on "un-priestly_ goodies, as you recommended. I have added 1 priestly aspect, at [REDACTED] request, and WITH the OK of Fr. David and my doctor, I just started being available 2 days a week for St. Francis hospital, on Chris' days off. I like it! I gather there may be a change there, but I'm open to what-even happend, if I can help out a little (As you notice my typing is a little rusty#\$\$\$#!).... Dr. Grattan continues to be very happy with my progresss. I've also had a few SUPER talks with Armand. I thank God so much for that very special person in my life, Armand.

Second, I was wandering sometime ago if anyone else in our classs might be interested in making the "Assisi Experience," for our 25th anniversary next year. I hadn't written anyone because I thought we stEll had plenty of time.

I just found out yesterday they are cancelling the spring Assisi session, so there's just one*know, and that's almost filled up. SO...I wanted to ask if I could make the experience. (I never thought I'd make it to my 25th!)

OFM CARR 1

Would you happen to know if another in our class might be able to make the "Assisi Experience?" I was thinking of the possibility of Marty Gates, Louie Ladenburger, John Peterson or Joe Prochnow (though his novice master work might rule that out.)

I'd appreciate your response So if I (and another?) got the permission , we could write right away Before it's filled up Could you tell me who to write to, also the dates of the "Experience" if you have them.

(Financially, I would have 1 Or 2 simple celebrations. That should help defray a lot of the expenses)

I've been remembering you in my masses and prayers. Remember me to the Lord too.

Hope you're taking good care of LOUIE!

*. Without repeating all the background, my doctor said: if stress can't be resolved in anyway at San Juan, then it might be better to leave for your health.

I thought and felt and prayed about this and agreed it would be best to leave. But my fear was a greater stress in leaving (e.g. losing touch with many in my community there, with other laith and priests I was getting to know and work with.

- I'd ask myself: what does the future hold? Can I tackle this and get better!!

***Suggestions from people I love (including me) how to win this struggle... and GROW, not shrink. (... *FOR THE TYPING*)

1. Leaving will be rough, but it wasn't a Disneylandia situation (God can make up for your sppectacular porch sunrises and moonrises.) Feel the loss, but don't let this be a sentimental, unreal, tear-jerker affair. It's a new BEGINNING.

2. In comparison with the suffering of others, I'm on EZ street: Linda (back & job), Michael (laid up in hospital), patients I visited in Hollister hospital, our friars and their people in ghettos in US, Peru, Mexico, Philippines...and the old friars I see here at the Old Mission, fantastic men, still getting around and working. How lucky I am. So don't sob for yourself.

3. Don't be scared by negative possibilities. Be positive in your attitudes!

4. Lord, help me take one day at a time. I don't want Kittens over next week, next month. The past is past. It's the present that counts. Wise up & use it!

RB:

5. "I love you very much. I want to help you help yourself!" (So stikk a pin in you and get with it.)

(His words of Scriptures: "Take up your cross and follow me.")

"Come to me all you that are laboring...& I will refresh you.")

6. Don't sit around and mope. Keep busy. (e.g. Bro. Nevin in Sacto) (e.g.s of work at the mission)

JUDD:

7. Do you want to live? Do you want to be miserable? YOU decide. (What's so tragic about losing some sleep each night. It won't last forever.)

8. Laugh!! Don't lose your sense of humor. You can laugh if you see the BIGGER picture in the world around you, (not just you narrow minded runt face.)

(I can learn here from my first two sicknesses.)

9. *GEORGE:* Move a lot. Don't stand still. Jog, tennis(?), exercise in room, work!

10. Dance...with rhythm and feelings (might have to settle for alone. \$\$\$!) Express your gut feelings, in soft music or hep music.

- sacred: make up my words, prayers

- popular: Have fun. Kick back

*Make sounds (voice, piano, organ guitar!!)...Relaxx.

Does this help counteract the heavy----- side of my brain?

11. Everyone had/has had weird problems, like Paul & Francis.

So see see your companion, David, your ol' "craziness," Talk to yo your companion. Sing, dance with him. Make him listen to you. Listen to him.

...Then you go through passagess with more and more positive potentialities.

...all the above shows that this is life, and life's a JOURNEY.

~~*And the above will help in creative ways so I don't get too hyper-analytic as I did before, super-heavy.)~~
And the above will help in creative ways so I don't get too hyper-analytic as I did before, super-heavy.)

- Here too, try talking to yourself, just to relax, as a distraction, or in a more serious, sometimes prayerful way.

12. Read more : mixture of heavy *myths??, and light) My problem with reading- I'm so damn slow, and lots of distractions (like watching some TV)

Read, drink deeply of the SCRIPTURES, lives of saints--some fascinating, Light can come to you in all this reading.

13. As you're looking ahead to Santa Barbara, don't have negative feelings (deader community and liturgies) There's still lots of great possibilities, if I gear my head in the right way.

14. Jim: Look at your stay at SB only as a temporary one, to prepare you for a fuller and richer God-life for yourself and others in your ministry. Like Francis, we're all pilgrims.

15. Don't every forget "God's Unconditional Love," (John Powell) That should help me avoid any sick work comparisons (friars, laity) and any sick guilt trip.

16. Hang in there. We'll begin to sink only if we look at ourselves and take our eyes of our Loving Lord.

* * *

MY AIMS:

1. In this very painful and hard-to-understand time in my life, I want to grow as a man of prayer and reflection, getting closer to the Lord.

2. To be open to the counselling I'll be part of, to listen and learn and speak up, not to run away from areas in my life that might be very painful to face.

3. To face my failings and blemishes; to appreciate my strong points and vision and wisdom too.... and love.

4. To continue and grow in my my life as a man, a Franciscan, a priest, in an effective, sensitive and God-loving way

MY GOALS & VISIONS

My goals and visions of my possible ministry at St. Francis Retreat are on a very gradual, not all-at-once basis. They are:

1. To take time regularly to keep developing my life of prayer and reflection and meditation, through reading and quiet time.
2. To read and reflect more in the areas of theology, especially: the scriptures, spirituality and the "theology of liberation," for my own deepening and growth and for ideas for future homilies, retreats, days of recollection.
3. To take time to get adjusted and to get to know the team better, the friars and lay persons.
4. To make ministry with the Spanish-speaking a priority. To accomplish this:
 - a) to articulate my own studies and experiences
 - b) to use resources such as from "NACC"
 - c) to get to know Sr. Gabriela, the Diocesan Director of the Office for Spanish speaking, and through her to tap the diocesan resources for this ministry.
 - d) through her, to get to know some of the clergy, sisters and laity involved in this ministry, to better work together, where possible and desirable.
5. To develop more contacts with the clergy and people of the diocese, by being available on a limited, trial basis for "mass supply" in parishes, with a preference for parishes with Spanish-speaking people.
6. In order to grow in my spiritual and psychological life, and to have an on-going evaluation of how I'm Doing & Being, I'd like to make use of the offer of Barry, his counselling background and experience...and also to continue seeing a psychiatrist on a monthly basis for this same purpose.
7. To Relaxxx by taking time off, by getting outdoors and working in the gardens (fitting the plans of Mr. Schwab) and jogging...away from the ol' San Andreas fault.

I've shared these ideas and dreams with both Dr. Grattan, my psychiatrist, and Armand Quiros my former counsellor. They both gave their approval and strong support to what I've written here.

Dear David,

Thank you for your note and your expression of concern.

I hope the day of recollection at Montecito went well. I also hope that David returns soon. I know he is missed. Now that the elections are over in Immaculate Conception Province, hopefully they will wrap things up rather quickly.

I understand your feelings about San Miguel. I did not intend to have you stationed there. Nevertheless, it will be a help if you can continue to cover the weekends until we find someone else. I am looking for someone on a permanent basis, but as you know, it would not be good to send someone young there, and we really don't at the moment have someone who could handle the job without being too cut off.

I just spent a couple of days in Los Gatos and San Antonio Mission with the students in formation and the novices, and did have some time off. So it hasn't really been long, but thank you for your concern.

Thanks again for writing, David. My best to you, and please keep me in your prayers.

Happy Halloween! Before I call it a day, I wanted to drop you a line. Thanks so much for your prompt response to my letter, [REDACTED] I know you've got gobs of correspondence to keep up with.... Glad you got to see some of our class mates lately. I'd sure like to see [REDACTED] It's been a long time.

I'm "giving" the day of recollection for the community tomorrow at the Casa in Montecito. Thought Virgil was going to, but today, he told me some problem has come up, so I'll fill in. David usually does it, and does a great job. Miss him. Hope he gets back soon.

About San Miguel, when I first seriously considered San Juan, I didn't even know they needed help at SM. Now, obviously, I see the need there. I thought of that when I thought of my gifts and my needs in my future apostolate, and the provinces' needs. Obviously, there is a greater need at San Miguel. But as I mentioned before, I could never be stationed there. Not using my past sickness as a crutch, but I'd go LOONIE there! Some strange friars there.... I really can't come up with any suggestions of friars. There isn't much need for another except on weekends (and somewhat in CCD). If you still don't have a friar by the 1st of the year, I'd be glad to help out for a while from San Juan, presuming, that is, I get the OK to go there.... So that's it for now. Dear David *Carr*

Thank you for your letter. I am happy you had such a good trip to Guaymas. I did hear from you friends from Fresno (they called for the phone number down there). They seemed very enthused. I am trying to find a time when I will be able to go there myself

Thank you for your careful presentation of your goals and desires for going to San Juan. It seems well developed. There would be the advantage for them of having someone who is bi-lingual, besides your other gifts.

I shall bring up your request to the Definitorium. Perhaps the most difficult part would be to find someone to cover San Miguel. If you have any suggestions for that please let me know.

I just had a nice talk with [REDACTED]. He called this morning. He sounded well. He has been helping on weekends at Three Rivers, since Bill Brand is here. Bill seems to be coming along well, but as you know it is a long up hill fight.

I was recently in the Northwest. Louis Ladenberger was asking about you. Mike D. did not show up. He is still his independent self. I was also in Pueblo for the parish jubilee. I had a nice visit with John Gini. It was good to see him. Other than the fact that he is very fat he seems to be doing well.

Well, my brother, take care of yourself. I will get back to you on the San Juan situation.

Dear [REDACTED]

Oct. 23.

Greetings! Hope life is finding you well, and not too BZZ, with the worries and burdens of the holy Santa Barbara Province.

My friends, Wilfrid and Marie, and I had a short but full & fantastic visit in Guaymas. I almost didn't make it since I forgot all about the need for some special identification to cross the border. At the last minute, I found my baptism, or rather birth certificate in a box downstairs I brought from Sacramento. It was so good to see the friars there, especially Marty. He's a very special brother to me. We celebrated his and Wilfrid's birthday by a nice dinner and guitar music & singing at "Las Playitas." I had a special welcome and greeting. I hopped in bed at the friary the 1st night and got stung by a little scorpion. Damn thing sure stung and burned. But I survived....

I had seen some poor areas there in my previous visits, but I saw some other areas I hadn't seen before. How do people do it? with large families? We sure build a lot of walls between the rich & poor. Driving back into Santa Barbara was a stark eye-opener.

When I talked to you in Oakland in early Sept., I mentioned the doctor has had me thinking about possible future ministry. I have been doing a lot of thinking and talking and praying about it. After crossing off other possibilities, I've narrowed it down to one. Even tho I'm sure there's more need in other places in the province, and even tho they have no big need of an other priest, I would like to ask you and the definitor-

ium, at your upcoming Nov. meeting, for permission to join the retreat team at St. Francis Retreat.

Once from Castroville, and once from San Miguel, I've had long talks with the friars at San Juan. Barry and Shaun were both enthusiastic in wanting me to come. I got to appreciate the lay team there also. They all made me feel very much at home.

As my doctor and I had agreed some time ago, I would stay here till the end of the year. So that I'm asking would be for the 1st of the year.

The next page, [REDACTED] is the fruit of my thinking and praying, my goals & visions. If you have any questions or hesitations, please let me know. Dr. Grattan also offered to write you or talk to you by phone about any questions you might have.

Take care of [REDACTED]!

Dear David,

Thank you for the card. I just did a needs-survey put out by the Plan For Franciscan Living Committee, and I was happy to find that my needs are really not all that high.

I hope you had a good St. Francis day. We really had a fine time at Danville, a very, very large turnout.

Enjoyed spending time with your mother at the Day of Recollection. They certainly were a very receptive audience. Yes, as you can imagine, my aunt was glowing. She certainly enjoyed introducing me to all of her friends, though I do notice that she always calls me her nephew, rather than her grand-nephew. Vanity never dies.

Sounds good, for your trip to Guaymas. That certainly is fine with me.

Thanks for your help at San Miguel. I know that they certainly need your bright fresh spirit there. At least as long as you are able to cover it, it is a breath of fresh air.

I just finished a nice phone call with Ray Tittle. He is very happy there at Stockton. He said that he had a much different impression of what the situation was than the way it is. He will be working there part of the time and also taking some courses in Berkeley. So, he seems very happy with the situation.

Thanks again for your support and your friendship, David. It means a lot to me. Take care of yourself.

Your brother,

Dear David:

I hope you are well.

While writing to the Diocese of Monterey recently, I asked them for faculties for you. I am not sure if those faculties were obtained before that. They were happy to grant those for your helping-out times at San Miguel.

I hope that things work out for you well on those weekends. Steve Wise will be doing his novitiate based here at St. Elizabeth's. He will be able to help out perhaps from time to time, so that it will not be too big a burden for you. Perhaps you can discuss that with him. He will be with the novices at Mission San Antonio for the month of October. This might give you a chance to get together and discuss the needs in that area.

Yesterday I gave a day of recollection at Our Lady's Home. Had a nice chance to visit with your mother. She was an attentive listener. As a matter of fact, none of the ladies booed, they were a very receptive audience. Actually, I enjoyed the day, they were a good group.

David, I do hope things are going well with you. I look forward to seeing you next time you are up this way, or I have a chance to come to Santa Barbara. I keep you in my prayers and hope you do the same for me.

Your brother,

Dear David *Amore*

It was so good to see you and be with you at Santa Barbara. I was particularly touched, pleased and encouraged by your very kind positive reinforcements. Thank you very much. You are a true brother and a friend.

I discussed the idea of your covering at San Miguel on weekends with the Definitorium. They were most happy with the idea. They feel that you will provide a most needed and good ministry there. There is the added advantage of your ability to speak Spanish. Some of [redacted] closest friends live in San Ardo (Lupe and family, etc.). There are really some wonderful people there and I am sure you will enjoy them as they will you.

Before seriously considering this or saying yes, would you please be sure to check with your doctor as to whether he thinks this will be good for you.

Also, as I said this would not necessarily last a long time. So, you needn't feel locked in. Also we can make arrangements either at the seminary or in this area to fill in some weekends when you could use the time for other things, or just for rest.

If you are still interested would you please contact Reggie at San Miguel. You could also call Lester here in Oakland, as he has been going down and could fill you in.

Again, thanks for your friendship, support, and prayers.

Your brother,

Dear [REDACTED]

May 16, 79'

Greetings! I wanted to add a note to the enclosed letter. I hope the letter will fill you in on what's been happening to David....(Please excuse me for not writing in quite awhile!) We have had some contact via the phone.

Regarding the letter, naturally, I was very disappointed!! in having both the job and the apartment fall through. Everything looked so ideal...And that's when my castle began to crumble. I don't always understand the Lord, or myself. (Sure he has some problems figuring me out too!)

With my new doctor and medicine, I'm doing better. Don't have all the pep I had, but I'm feeling better and stronger little by little.

5 My doctor said I can begin thinking about work, but not about an apartment. He says 1 thing at a time. He thinks trying to do both at the same time was one reason why I couldn't cope this last time. ... I'm trying to be more patient...with myself, with others, and with life. It ain't always EZ.

I'm sure you're B2 getting ready for Assisi. My prayers follow you, John... Thanks again for YOU, for all your love and brotherly care.

Long time, no write/or see. Now that Lent has past, I'm sending along my best wishes at this Easter time.

It wasn't till recently that I found out the meaning of the word "Lent." It refers to 40 days of special fasting and prayer and penance. But the word "LENT" means spring. When I first came here to Santa Barbara on Dec. 26, it was shivering, dark and dreary winter- both outside in cold nature, and inside David, my attitudes, my physical and mental health

I wrote many of you a few months back. Now I'd like to fill you in on how I'm doing. Yes, Lent has come and gone, and I'm excited that spring has sprung, outside, in the countless, colorful gardens here at the mission, ...and inside, inside David.... (*Please excuse the zerox. I wasn't going to sit down and type 20 or 25 copies!)

I got to see quite a few of you briefly when I was in Sacramento about a month ago, but I know I missed a lot of you. At any rate, I'm regarding my special nutrition program. I'm almost ready to wrap it up, but the effects of the program on me and my future goals linger on. Thank God. I found that I'm not allergic to any of the foods tested. BUT my cutting was down on sugar and sugar products will go on. (It's too bad that lots of people aren't catching on to the dangers of sugar.)

The other aspect of the program above is exercise: (A mortal sin of nutrition if you get lazy and don't exercise!) I jog on the lawns around the mission or down at the beach about twice a week. I also get out to the tennis court at least once a week.

[Redacted] has been my psychologist/counselor/ & friend here. I owe so much to him and wife, Lois. They're the ones who had me contact Kaslow and to take his nutrition program. It sure has paid off!!

About a month ago, Armand asked me a question...the same question my doctor in Sacramento had asked me back in late November. The question was: why don't you take time to get a place of your own and a job? You can still function as a priest on weekends, or whenever, depending on the job, but you would be on your own. The purpose of this suggestion was first to feel and experience what most people go through: paying bills, making your \$ stretch, cooking. 2nd, my other goal was to get more confidence in myself.

This would just be for a short time, 5 or 6 months. At the end of that time, [Redacted], my provincial superior, and I, and the Holy Spirit will have a secret huddle and decide about my future assignment. (Out of my critical questioning, about my future life, I've re-committed myself to being a Franciscan & a priest!)

In November, that plan I just explained petrified me. But now, I'm excited about trying it. Who knows? Maybe the Lord has something planned for me (like becoming a rich man, rolling in \$\$\$\$. I doubt it....)

So...Several weeks ago, I set out to look for a job and an apartment. My eyeballs got dizzy scanning classified ads in the paper. I also did a lot of phoning around, following up on the ads.

1st, I phoned and visited at least 12 places for an apartment. I knew that Santa Barbara real estate wouldn't come cheap. The place I preferred was a one-bedroom, kitchen, completely furnished apartment, surrounded by trees, lush landscape, and just some 50 yards from Oak Park. I paid my rent (The Province sent me \$ to get started) and I was about half moved in, when BANG, it was all over. I won't go into the gorry details, but I got on the wrong side of the manager...SO, as of now, I have no apartment. I'm continuing to live here at the mission.

2nd, I followed up on some job openings- went job hunting. Looked at all kinds of job possibilities including: worker with cancer patients, restaurant waiter, restaurant supply deliverer, bilingual receptionist for 3 chiropractors, Bellman at a swanky hotel on the beach, and even a wine and beer bartender. Quite a variety! I'm glad I didn't take any of the above jobs.

This is when [REDACTED] said to me: Go down and apply for a "CETA" job. I did go down to check this out immediately, filling out 135 forms (just exaggerating.) I found out that I did qualify for these jobs. I applied right away for a job with the State of California Parks' Department. I interviewed the next day and was accepted, along with my millions of forms. I was to report to work the following day. I was HIGH, because I wanted outdoor work, not "PP," Peoples' Problems.

Woops, a snag, when I checked off "mental sickness" on a form for the state. They said that would be a problem. They would have to send my case to a Board in Sacramento...It would take some 2 to 3 weeks.... I'm still waiting.

So, back at the Mission farm, I'm feeling healthy and energetic, even though let down about the job and the apt.... [REDACTED] and I had decided before that I will remain in SB here (not SOB!) at least till Sept. 30th. Then we'll see about my future.

I've talked a lot about myself. I sure hope each one of you is doing well. Hope life is treating you OK. Thanks for your prayers. The Lord has been working overtime on and with me. I'm grateful to him for each one of you!

My last stroke of stcrddy luck---I've lost my address book. Somehow, I hope to go through and old stack of mail and find most of the addresses I need....

God bless each one of you, and your families! Please keep me in your prayers, and I'll return the favor.

with my luv & prayers, *Your brother in France*

p.s. I will be getting ongoing counselling here with a Dr. Grattan. Just met him, and he's a fine man.

Dear /

Thank you for your letter of April 19th. I am sorry that I am so late in answering it, but as you can imagine, I have been on the road again.

I am very grateful to you for your observations on Dave Carriere's condition, and I am especially grateful to you for all the care and understanding that you have shown him. I know how much it has meant to him.

I am enclosing a check for \$300.00, as per your statement. It seems such a modest sum for such great benefits.

Thank you so much, Armand, for everything. I hope to see you or talk to you the next time I am in Santa Barbara, probably when I return from the General Chapter at the end of June.

Greetings! I wanted to say hi and to let you know how I'm doing down here in ol' Santa Barbara.

First, a little about the nutrition-response program I've been going through. The 2½ day fast started it off. It was rough, but not as bad as I had expected. For the first 10 days, I can have just 1 item of food at each meal, taken from a list of OK foods they gave me. I keep a chart and write down the food and any reaction I had to it. (e.g. do I feel good, energetic, tired out etc.) I'm working it out so I can sometimes eat an item prepared for the whole community, but other times, I have to fix something else. Some main "no-no's" on my diet include: milk and dairy products, sugars, gluten products (wheat, rye, barley, oats) and fresh fruits--groan! In the 3rd month of the program, you can test some of these items. I'm finally learning how to cook a little. Miracles are possible!

My general reaction to all the foods so far has been positive. They all seem to agree with me. Even though sometimes I feel I could eat a cow, I've been feeling healthy, alert, energetic, in good spirits, physically, emotionally, and psychologically.

Some other things they found out in the testing is...a vitamin shortage I have. They've given me pills to get some extra vitamin power in me. My thyroid was just a little low, which could be related to my low blood pressure. (Got another pill for this) Also, my digestion isn't so hot. (And yet another pill to pop! I'll be floating on pills soon.)

After my hair sample analysis comes back from Chicago, they'll be able to tell if my body's lacking in some important minerals... I'm off cigarettes too. I sure miss them sometimes, but I'm feeling and breathing better for it.... They stress the importance of exercise in this program. Between jogging and a little tennis, I'm keeping this up to.

So, in general, I'm finding out a lot about "Brother Body" and how to take better care of it.

Finally, I've been doing some thinking, dreaming and praying about my future. I've been talking this over with my counsellor here who's been very encouraging and supportive. I've just written about this to [redacted] my main superior. So I'll wait to hear from him, then I can tell you what's coming up for me. In the meanwhile, I ask for your prayers. With them, and the good Lord's grace and strength, I'm a lot more hopeful as I look to the future.

I hope this finds you well. God bless and take special care of you!

P.S. Thought you might enjoy this clipping. Love him!

I would like to give you my perspective on what has happened to Father David Carriere and to pass on some related issues.

It is obvious that David has had a serious manic episode. There is good evidence that he was not faithful to Dr. Kaslow's regime. That is, he continued to smoke; he daily drank wine, however moderately; he violated his hypoglycemic diet. Dr. Kaslow believes that adherence to his program would have prevented David's episode. I realize that this is presently a minority opinion in traditional medical circles, but this is not to say that Dr. Kaslow's approach is without substantial merit.

I am delighted that Dr. Steward at the County Hospital prescribed lithium carbonate for David's illness. David and I had talked about this, and were we closer to Dr. Harvey Ross in Los Angeles, I would have had David go to him for this purpose. Lithium is a mineral and does not narcotize like some traditional medications. David is still not in complete touch with the magnitude of what he has been through. I think he cannot until he physically recovers from the incident. But the lithium offers good hope. Its potential for healing would be heightened if David would respect his hypoglycemia with the appropriate diet. Dr. Ross of Los Angeles puts it more strongly than that in his book on "Fighting Depression."

My own bias is still that David's problem is primarily biochemical and that whatever life problems he wants to work on are not so extraordinary. I have helped dozens of people through identical life issues without any drama. I wish that we could get people to treat persons with manic/depressive episodes (or schizophrenic or paranoid) with the same respect that we give to alcoholics. Alcoholism and these illnesses, it appears, have much more in common than we used to believe.

David will be moving under the total care of a local psychiatrist who will both monitor the lithium carbonate and provide verbal therapy. My own role will be supportive. I have been in touch both with Fr. Virgil and with the County Hospital staff regarding David's program after release.

If David were to accept this disability and work with the physical and verbal therapy, he could mold this into a powerful and needed ministry as Fr. Gavin has done with his alcoholism.

I think often of the burdens that you carry and pray you the strength to bear them.

Faternally,

OFM CARR 1

Dear [REDACTED]

Feb. 20,

Greetings...& welcome home from the Philippines. Hope the trip and visitation didn't get you all pooped out. Maybe you'll need some R&R at Tahoe soon?

I wanted to let you know how things are coming for me. I'm enclosing the 1st report from some 12 days ago. And this second page will bring you up to date.

First, a little about the nutrition-response program I've been going through. The 2 $\frac{1}{2}$ -day fast started it off. It was rough, but not as bad as I had expected. For the first 10 days, I can have just 1 item of food at each meal, taken from a list they gave me. I keep a chart and write down the food and any reaction I had to it. (e.g. do I feel, good, energetic, tired out etc.) I'm working it out so I can sometimes eat an item prepared for the community, but other times, I have to prepare something else. For example, "no-no's" on my diet include: milk, sugars, gluten products (wheat, rye, barley, oats) and fresh fruits- groan! I'm finally learning to cook a little. I usually do it upstairs in the infirmary kitchen, when the men there have finished their meals.

My general reaction to all the foods so far has been positive. They all seem to agree with me. Even though sometimes I feel I could eat a cow, I've been feeling healthy, alert, energetic, in good spirits, physically, emotionally and psychologically.

Regarding the future, I've been thinking and dreaming about different possibilities. I wanted to explain the direction I feel drawn to, humanly, emotionally and spiritually. I just had a long talk with [REDACTED] about these ideas and he was very pleased and supportive. This is all tentative on other persons' ideas, especially you, Fr. Herb and the staff at St. Francis. I'm sure that you and they want to be certain I'm well and strong and rushing into anything too soon. See what you think.

1. First, I would remain here for one more month. I think the time here in a different kind of work- with floors, toilets and Mother Earth, has been very helpful therapy for me. I think I've received a lot from the community here, and have given a lot. (I've started following up on one of Armands' suggestions- to do some volunteer work here. So I'm playing the piano for some Eucharists and "song fests" at convalescent homes here.)

2. I would like to return to Sacramento towards the end of March. Armand agrees partially with Dr. Kaldor back home, that I might learn something about healthy independence (& survival as ordinary people experience it) if I were on my own for a little while. He agrees with my decision not to make this a leave of absence, but just a tentative trial basis set-up.

Regarding a job, my 1st choice would be to try and get work at "Pava's" a small restaurant close to St. Francis.) If this sounds all right, I'd like to write soon to Julie, the owner and a good friend of mine to ask about openings for a waiter's job.) If this didn't work out, a few other possibilities would be in gardening-landscape or hospital work. Whatever, this would be till towards the end of the summer.

Regarding where to live, I'd like to stay at St. Francis for a week or 2 while I'm looking for a small apartment. Then I'd move out on my own.

Regarding priestly work, This depends on the OK of the team at St. Francis, but if possible, I'd like to be available for some daily masses (fitting with my work schedule), as when someone has a day off etc. so no one need to binate. Also I'd like to help out in the summer, especially when someone is on vacation. I've come to appreciate the Eucharist more deeply, for what I draw from it for myself, and for what I can share with others when I am celebrant. I've been taking some public masses here recently and I feel good in overcoming the uncomfortable nervousness I had experienced during my low-low time! Like last year, I believe this 2nd crisis has again helped me a lot to grow spiritually.

As to finances, I would be responsible for my expenses, and would not expect anything from St. Francis.

And as to time, I'd like to use these months as a trial period- for me and the team there to evaluate how this is working. Towards the end of the summer, I would want to come to a decision between you, Herb, the team and myself.

If possible, I hope I could continue in my parish ministry there and move back there. (I realize that Arturo will be returning to work there after his ordination, with the Spanish-speaking, But I hope I could still be of service there.) Using my music in the rest-home apostolates in the parish is an area that I never got into before, and I would like to do that.

If my continuing at St. Francis isn't judged to be a wise decision, then I'd be interested in getting to know and talk over different possible alternatives in the province. I'm open to this too.

(A little side thought, as I look to the possibility of Sacramento in the future, the fact that we'll have a new bishop this summer is hopeful to me. Hope The Holy Spirit and Jean Jadot are on their toes!)

I'd like to know how you feel about this. If you'd like me to think of other alternatives, please let me know. I'm not sure when you'll be down here. I know you'll be here for the pastor's meeting. I'm looking forward to talking with you then. [redacted] wants to talk to you also.

Thanks for your nice card. It was really good to hear from you and to know that you are feeling better and stronger.

I saw Fr. David Temple the other day and he certainly had many good things to say about you.

I will be waiting for your letter when you get time to send it. I look forward to seeing you when I am at Mission Santa Barbara, but that probably will not be until March since I have to go to the Philippines the week after next, and I am back east this coming week.

Be assured of my prayers, David. I am so happy to know that things are getting better. I am sure you know that many friars throughout the Province are concerned about you and ask about you, and I know they pray for you, too.

Best wishes and my own prayers.

Dear Dave,

Thanks for your note which I found on my return to Oakland last night. I am happy to hear that you are better and I know many other friars will be too, since many of them asked me about you in Santa Barbara and Phoenix where I was last week.

This is just to assure you about our phone conversation several weeks ago. I am giving you permission to live outside of the friary and to get a job. Be sure to pay the withholding tax and the social security, by the way.

This is not properly speaking a leave of absence because that has to go through the definitorium and only lasts six months. At the present time I don't think that is necessary. I can and do give you permission to live outside the friary for reasons of health. If a formal leave of absence is necessary later on, we can take care of that, but for the time being I think this is sufficient. It will give you enough time and space to do what you are interested in doing, to be on your own.

I want to assure you of our concern and prayers for you. You know that, Dave, but I just want to say it anyway.

Enclosed is a check to help you get started, and if there are other needs please let me know.

I look forward to seeing you when you come down here or when I get up to Sacramento.

Fraternally,

I am very grateful to you for all the
help that you have given to David. I
know that he has much confidence in
you, and has done so very well during
these last months because of that.

I am especially grateful for your
observations about his present plans

about this because of your comments.

Again, our deep thanks to you, Doctor,
for all that you have done for David.

RE: DAVID CARRIERE

Dear

Upon Father Carriere's request I am writing you this letter to provide information regarding his present condition and recommendations for future activities.

As you recall, David was admitted to American River Hospital on November 25, 1977 for evaluation and treatment of a severe depressive illness. Following his discharge he was involved in the partial hospitalization program at American River Hospital and also has been seen in individual psychotherapy at my office and has been administered psychotherapeutic drugs. In my opinion, he has had an excellent response to treatment and has worked very hard at resolving many of the conflicts and difficulties that precipitated his illness.

I believe that his plan to continue at the Newman Center as an interim chaplain but not as the director is appropriate and realistic. He has done a good deal of "soul searching" during his course of treatment and I believe he is able to appraise his current situation and make decisions regarding his future in a satisfactory manner.

David is a bright and sensitive man who has been able to gain a good deal of personal growth through his crisis. We are presently in a termination phase of the therapy because of his progress and restoration of functioning. Although we may not be involved directly in therapy in the future I will be available should the need arise. The prognosis for continued emotional stability is excellent.

If you have any further questions please feel free to contact me at any time.

Sincerely yours,

BRUCE T. KALDOR, M.D.

Greetings.

April 30, 1978

I wanted to put down on paper my ideas and feelings about the possibility of continuing at the Newman Center. I've given lots of time and thought and prayer before making this decision to apply. And I've done a lot of talking with many people: Fr. Michel, the past director, Sr. Pat and Bro. Angelo of the present staff, my Franciscan brothers, especially [redacted] my Provincial/Superior, our Bishop and our personnel board here and Doctor Bruce Kaldor, my psychiatrist.

[redacted] and the Newman staff have been glad to see my happiness and growth through the "dark winter" of my breakdown. They want me to take my time and not rush back into anything, for my own well being. This is why I've felt good in not being pressured into anything. They also know that for my own peace and stability, I would like to know fairly soon about my future, so I'm not dangling in mid-air.

[redacted] and the staff would like to hear the views of my psychiatrist, since he has been with me through "thick and thin," mainly thick!

This is what I've asked: to continue at the Center as an interim chaplain, not as Director. I see three different possibilities regarding the Center's director and chaplain.

1. Having some unqualified and inexperienced priest there, who would be very hard to work with. I would not want to be part of the staff in this case.

2. Having Sr. Pat become director. I've let the Bishop and many know that this is my high recommendation. I think with her 7½ years of experience at the center, with her growing capabilities and talents, she would be the best qualified as director. I also think this would be the recommendation of the majority (not all) of the people from the Newman community. I think the people would see this as a sign that the church isn't just mouthing pious poetry about the important place of women in the church's ministry. I thought the booklet, "As One who Serves," put it well: "It is essential for the life and mission of the Church that priests encourage women in responding to the call to assume more influential and responsible positions of leadership and service in the Church and society." (p. 35)

I think some priests would find it hard to work with a woman as director. Because of my past experience here at Newman (and previously for many years in Fresno) I think I could work well with Sr. Pat. We have learned a lot from each other, through common feelings and outlooks, and sometimes through disagreements and different viewpoints.

I would like to help out as a chaplain this summer. And during this time, Sr. Pat could talk with those interested in the chaplain position. This would give her and the community time to "try out" each other, before making a final decision. If a diocesan priest were assigned now as a permanent chaplain, I'd like to work with him this summer, and fill in when he would not be available, (for vacation etc.)

3. The final option I see is to appoint a diocesan priest as Director. If the present staff would find such a man open and qualified for the position, then I'd also like to fill in when needed this summer. (I would continue living at St. Francis parish and helping out there also.) I think this would give me and the director a chance to get to know each other. Then, after the summer, I would like to see if it's possible for me to be a second chaplain, ~~if~~ that meets the approval of the staff and the Newman community. (I agree with Fr. Bland and Fr. O'Reilly that some of the work that has been done by us priests at Newman, could be done by others. But I believe the center definitely needs two priests. And since I don't think the diocese would provide two, I would then be interested in that position.)

This tentative (not final) arrangement for me is what and our Board of Definitors want for me.

My main reasons for wanting to continue in my Newman Ministry are:

- My 4 years of previous part-time work in Fresno, at the University and the city college.
- My broadening experience and growth through my "sabbatical" a few years ago, completing the Master's Degree program in Religious Education for Campus Ministry at Fordham University.
- My psychological, spiritual and emotional growth through my recent breakdown. In these past few months, I've experienced so many times when God has touched and helped people through my sharing with them my pains and joys and faith.

I'm excited about the chance to continue this with the Newman family.

Thanks for listening!

(and please excuse the typing, first time for me in ages.)

Sincerely,

David Carriere

Greetings. Mel & I are leaving

forward to spending a few quiet

I wanted to send you a letter
that I sent to Dr. Kaldor. I
explained to him what my continued
interest in Newman, but also
about what you said - to stay
here at St. Francis this summer,
& not to make any definite decision
till the end of the summer.

I'd like to touch with you.
You should have received Dr. Kaldor's

Don't forget about my aunt's case

Dear [REDACTED]

Jan 7.

I guess it's been a very hard time for you, with the definiton meeting & now a farewell of our friends.

I wanted to let you know how things are coming. Since I didn't want to return to the hospital, Dr Kaldor suggested that I try the out-patient program. So I'm going there Mon-Fri. Learning to take buses. I get my exercise & jogging in that way.

It's been a painful process for me, sharing with others in this Program about my personal feelings & my present confusion. They have made me into our past upbringing & how we all

the future. That's where I'm torn.
I want to remain a Dominican, even
though I can't function as a Priest
now, sacramentally.

I feel my depression isn't so
bad now, but I'm still uncertain
about the future - decisions I need to make.

Spiritually, I still attend Mass
almost daily, but I know my faith
is feeble. I have a lot of conscience
to go through, a lot of growing & maturing
to do.

I don't feel I can get out on my
own yet, but I find it better & better
here at St. Francis, & I think I've
made things better for the friars here.

Phil was talking about a program
for clergy & religious, the "House of
Affirmation" in Montauk (south of S.F.)
I've been reading some of their papers
& books. And it sounds so
pertinent to me. It seems similar

- 2

to the Program that some of our friends
have gone to with drinking problems.
They have professional stuff & they
work to build a supportive community
to work out problems and grow in the
human, psychological, emotional
& spiritual realms. Do you know
anything about this Program?

I'm afraid it probably has a big
waiting list of people who want to
join the Program?

I hope you can understand this
jumble of ideas - not very neatly
handwritten. I think I need to pour
in obedience as a friend. As Providence
what do you think would be best?

Thank you, John for all your
help & concern. I hope you're
getting a little breathing time in
your hectic life. Maybe it's time
to get away to Lake Tahoe!

Dear David,

It was good to hear from you in your letter of November 15 which was awaiting me as I arrived back in Oakland. From all that we hear you are lucky to still have a New York City left there. I hope that things will ease up a bit and somehow they will get enough to keep things afloat.

The report on your classes is certainly encouraging, and I think you are in a place where you really can have great contacts with some genuine leaders. Your routine seems to be a busy one, and I am really glad that the Carmelites have been so hospitable and that you really feel at home. I can certainly understand that even under the very best of conditions you would still miss the team at Mt. Carmel and your friends in Fresno, as well as the members of the province. I think it is great that you have a chance to be home for Christmas. Your mother will certainly be more than anxious to see you and have you home with the family at that time. By all means, plan on that.

I am glad that you are not forgetting your union involvement and that you are able to be in contact with some of the UFW people from time to time. Things seem to be going fairly well and I hope that there will be a real breakthrough soon.

With every best wish for a truly happy Thanksgiving, I am,

Nov. 15

Greetings from the "Big (almost bankrupt) Apple". I stopped by at Holy Cross the other night for the liturgy and dinner and saw the provincial. [REDACTED] said he had seen you at a meeting about a month ago. I thought I'd let you know that I'm alive and well. A few weeks I wrote a little piece for Westfriars, explaining about my program here at Fordham, and my thanks to the province for giving me the chance to make use of this "sabbatical." I'm appreciating it more as time goes on. My classes and prof's are fine- subjects and people. I'm especially grateful to Peter Ellis. He's made St. Paul come to life for me. Our campus ministry group has different speakers come in and share with us each Monday night. I'm finding that very enriching, meeting, listening and discussing with people from many different fields and apostolates. Henri Nouwen will be here next week for our group.

Even tho the area I'm living in is a mess- dirty, noisy, high-rise apartments dwarfing us, millions of kids running around, still the people have been very good to me. The Carmelite community have made me feel very much at home. I offer daily masses here- for my room and board. On Sundays, I say 1 or 2 masses in Spanish at another parish, also with lots of Puerto Ricans. And that helps on my expenses- and helps me to get to a concert or play once and a while. Say the first ballet in my life last week.

Met some UFW organizers at campus last week. They had just been to Fresno recently to join Caesar and his march. Some of us are going to a fund-raiser for them next week. They knew Leroy Chatfield, my cousin, and were telling me that he had gotten roughed up a little some time back by some enthusiastic Teamsters.

Homesickness gets to me at times. I miss the ol' team at Mt. Carmel, and my friends in Fresno. Being so far away also helps me appreciate our province and confreres better. I've never written so many letters in my life, or received so many. I keep in touch with mom, writing her and calling her about every 3 weeks. I had no plans to come home for a break at Christmas, but Mom mentioned my "homesickness" to an aunt and uncle, who sent me plane fare. I didn't even think about checking with you on permission for that. I hope that's OK.

I hope this finds you well, and getting a chance to catch your breath too once and awhile. Thanks again for your help and encouragement so I could come here for this program. I'm grateful to the Lord for this special gift- and grace.

My best regards to my confreres.

Happy Thanksgiving.

I just wanted to let you know about my progress in seeking admittance to the Fordham Graduate Program in Religious Education. I've sent in my application for admission, and also for the scholarship, plus the recommendation letters. I haven't got the final OK yet, but I did get a preliminary letter from Vince Novak SJ, the director. He was very encouraging and said it looks like no problem. Registration is the end of June.

I also wrote to [REDACTED] the provincial back there about a community to live in. Have not got an answer yet.

Fr. Charles, the campus ministry director of this program asked if you could send him a letter as my provincial. Merely let him know that I have permission to go into campusministry work when I finish at Fordham.

That's where things stand as of now. If you have any questions, please let me know. I really appreciate your support & encouragement, Alan.

It was good to know that your Summer trip was so rewarding. You can really cover a lot of territory on a trip like that.

This week we are having a meeting at San Miguel with the Priests who are starting our new type of retreat house. That is, people living apart from the retreat houses and serving the houses from their own central house or houses. We have a lot of planning to do, but it looks as though the men are for the idea.

Dear David:

Many thanks for your letter of May 12th. I really appreciate your writing in regard to your plans for the coming year. From what you have set down, I can see that you would be able to really get into the Newman work and at the same time give a hand with the parish. We will have to make every effort to get a friar on the team who will be able to work in well with all that is being done there. One possibility would be Bill Brand who is being ordained this month. He does not know much Spanish, but is willing to learn.

Glad that you had the chance to attend the ministry meeting in Santa Barbara. Things have been really opening up in that field.

Dear [REDACTED]

May 12, 1974

Since we didn't have regular "visitation" this year, I wanted to write you and explain a little about what I wrote on my "personel sheet."

Some time ago, all of us here at Mt. Carmel met to discuss our future. It was decided that during March we should give it a lot of thought. When April came, we did meet and each one expressed what his tentative plans were: [REDACTED] to remain, Den to remain for the time being, Ray to look around for another parish, and I explained that I'd like to continue here for one last year in Fresno. (I've been here 7 years now.)

I talked it over with the team, that I'd like to continue as now, part time in the parish and part time on the 2 college campuses. The Bishop and the Newman Center have given a little help this past year (\$100 a month) to help out in car and gas bills. The Bishop wants me to see him about my plans. The Newman Center has already asked if I could continue this next year, since they'll have only 1 priest. The details will have to wait till we see about Ray's replacement here at Mt. Carmel. But [REDACTED] asked me for a tentative idea of my schedule for this coming year. I'd like to work 2 full days on campus, continuing what I've done this year, (speaking at classes, counselling, 1-1 and in small groups, working with campus ministry ecumenical team on projects such as speakers, discussions, films and once-and-awhile over night retreats for faculty and students, and continuing to stress my work with Chicano students right on campus, since they don't feel excited about the Newman center.)

Then, so [REDACTED] wouldn't have all the burden, I would be sharing the work of the parish, working with the parish high-school and college groups as I have done, working with our twice-a-week team meetings, a day on door duty, regular help with the sacraments on weekends and on the weekdays when I'm not working on campus. If we do get a 3rd priest, once and while I could help on weekend masses at the Newman center and help with overnight retreats.

Come next June, I don't have any exact plans yet, but I would like to see about getting into full-time campus ministry somewhere in the province. I've talked to Fr. Geoffrey about doing this work, and possibly also helping in a college formation house.

I attended the national campus ministry meeting in Santa Barbara right after Easter and got a great deal from our sessions with 2 great Jesuits, Jim Gill and John Gallen. I also found out there about a free scholarship offer for a Masters Degree in Religious Education. Haven't given that much thought as of now. But I think I have done and can continue to do a lot of good with people in this campus ministry. I'd appreciate any suggestions you might have. Thanks very much, [REDACTED] And thanks also for your OK for my vacation plans this summer. I hope you can get a break and relax too. Peace.

Grace the reigning!

Dear Father David:

Greetings! It was good to get your letter of March 18. I can see that you really plan ahead. And I think that you have a great idea about your vacation this coming Summer. That deal on Greyhound is about the best you can get, -outside of hitchhiking.

The chance to visit friends and relatives will make the trip really worthwhile.

By all means plan to take the trip, -and I hope you are able to do some reading etc. on the bus. I am able to get in quite a bit whenever I have to hit the road.

We had a fine celebration for Gabriel McCarthy on Sunday. The people entered into the St. Patrick's Day theme, -and it was something to see the Mexican people dancing Irish dances. The parish in San Jose seems to be coming along very well. Both Reynaldo and Anthony were there. And when I got back this morning the rescript for Anthony arrived. He will be glad with this.

I really enjoyed the time at San Damiano and appreciated your homily and liturgy very much.

I wanted to write you about this coming summer. We've discussed our summer plans here for vacation and summer sessions/ I got the teams' OK, and I'd like to ask your permission.

What I'd like to do is to take the "ameripass" (30 days of travel on Greyhound throughout the US & Canada for \$165. (wast up, or rather will go from the former fare- \$149.)

Board & room wise, it will be very inexpensive since my tentative plans take me to places where I know friends, relatives and priests.

I would like to see and enjoy many places in our country. And I also want to take my camera to take pictures, and to borrow a tiny tape-recorder to tape conversations with people I meet along the way on topics that I can use later on in sermons, campus talks, personal counselling etc.

Anyway.... (Just interrupted this at 12:50am to see William Blatty, the "Exorcist's" talk on TV)

Thanks for being with us to Danville. Your presence and interest helps us all.

my room relaxing for a few days.
I feel stronger, tho I still get tired
easy. Learning to relax more - honest!
From Division's report, sounded like
you had a nice visit together.
Your ideas about the future of Inuvik
sound much more hopeful to me
& to all of us.
I wanted to mention one thing you
might bring up at the definitonism
met if you have time.

Do you think the Province could have
a "Institute" or "seminar" (for 3 days) on
Parishes in our Province. I think it
would be great to get together, perhaps have
a couple of speakers, & then discuss different
aspects of Parishes: theology of the Parish,
Sacramental life, goals (where are we going),
possible changes etc. - evaluations &
new experiments.

I think a meeting like this would
be very profitable for a lot of guys & for
the Province as a whole.

Hope this finds you OK.

Thanks for everything, Ron

Dear Dave: *Carrere*

Greetings! It was good to hear from you after your scare with hepatitis. We were really concerned, and hoping that you would really get the chance to slow down. I hope that the heat there in Fresno will not be too much for you this Summer. It might be good to stay out of it for a while.

The visit with [REDACTED] and [REDACTED] was really good for me. They are surely coming to grips with the real problems, -and I am sure that you are going to be successful in the right sense.

Your suggestion about the meeting of the pastors and associates is a good one. In fact we had thought of having a meeting during this session of the institute. Things just did not work out that way. But I think it could certainly be planned for next Fall. During the INstitute might be a good time for such a meeting, since a number of parish men will be there already. And we might be able to get the right personnel for the talks etc.

All best wishes and looking forward to seeing you when you get up this way.

Regards to the community.

Dear Father David:

Greetings! I am glad to give permission for the trip to Edmondton. That is great country and you should have a welcome change from the heat of the Fresno area. The trip from Edmondton to Vancouver should be a beautiful one.

Will be seeing you at the chapter. Regards to the friars,

Reverend [REDACTED]

Dear Father -

So very often I feel the urge to write and tell you how I feel about my work with our Franciscan Father here in Fresno - actually, I am telling you again because I have said it before. I have never been so happy - and that's "unique" because I really loved my years as a teacher. But this new, beautiful happiness is like every committed person's dream - and stems from working with Father Timian and Father David - the greatest experience of my life. They are beautifully dedicated men - and I never cease to marvel at the life and enthusiasm of the involvements here. I have worked with and for many priests and have been, for the most part, very, very happy in my work - but this is different! These men are the greatest - and I thank you and the Order for them. Most of my work is with Father David - a tremendous person, an extremely great priest, a fine, dedicated man. Father Timian makes all of this possible in the way he handles the parish. My pinnacle thanks - I hope I can prove to be a real part of it all. Sincerely,

OUR LADY OF MOUNT CARMEL

Dear Father David,

At the recent meeting of those who are promoting the St. Francis Week in Santa Clara it was suggested that we try to get you and perhaps see if you have any of your young people there in Fresno who would be interested in this week. We feel it can be a real boost to all of us, and we would like to get representatives from all the areas. If you can attend and if you could bring some of the Third Order members there in the area please get word to Fr. Brendan Mitchell at St. Boniface as soon as possible.

Dear [REDACTED]

I meant to include this with [REDACTED] letter to you, but never got around to it.

Don't bother about answering since you said you would bring this up at the definitorium meeting.

Just to sum up and add to the list of the growing demands on us, we have the Chicano groups in the parish, Edison High school's request for [REDACTED] teaching, the Cursillos, more nuns' groups are asking for us as confessors and for conferences. Also Easton is coming alive - the people there are asking for more help in classes & discussion groups.

Finally, if it's still just impossible to get a priest here, the 3 of us here would like to ask about a brother or cleric. Perhaps a novice or student would be interested next semester to attend FSC part time. He could help us out in several areas including adult education in different areas of the parish, plus youth work including possible "Search" weekends for youth.

Thanks a lot for your concern.

Sincerely,

*Fr. Louis

Dear Father David,

Just a line to thank you for your letter which came in this morning. I know you did not expect an answer but I do appreciate hearing from you. I have put the request on the agenda and feel certain that we will make every effort to get someone for you. I appreciate the dedication of both yourself and [REDACTED] and I know that we certainly want to cooperate with you in every way possible. Please give my best regards to all the friars.

Dear Father David:

I have just received your letter of July 14th, -and am happy to give permission for your trip to Mazatlan. It should be a great help to you in understanding the people, and getting acquainted with some of their customs. The weather should be a bit better by September.

It was surely good to learn about the parish meeting, and its good results. Communication is such an important thing in this time of change. And I know you are really trying with this there at Mt. Carmel.

I wanted to write you about my vacation.
I plan to take it from Sept. 1-17.

I also wanted to ask permission if I could
go with the Gomez family here in the parish to Maz-
atlan, Mexico for 9 days of my vacation. I've
never been south of Mexicali and I would like to
see Mexico & its people..

Holding down the fort here. We had a very
profitable parish meeting here last week with about
40 of our people. Got to clear up a lot of misun-
derstandings and open up better communication.

Thanks very much.

Dear 

I guess this Monday, post-Pentecost depression blues is prompting me to write you this note.... but the year ahead scares me. With the growing demands of the parish (here & in Easton) and with a CCD program minus sisters as of now, the prospect of the 2 of us (with some help from Fr. Carlos) is a little discouraging.

This is why I wanted to ask, that if there will be anyone available (if the Serra Hi men are freed) and if there's anyone -- anywhere who would like to do parish work and would like to live with our community, could you keep us in mind?

I know it's impossible to please everyone, but I feel all of us could function and "communion" better if we weren't spread so thin in our work here.

Thanks very much.

Dear Father David,

Many thanks for your letter and the copy of the talk that you gave at the court house. I surely appreciate the fact that you are able to talk this over with Bishop Manning. I think it is a great help for him and surely for the friars. It was good to hear from you and I hope that I will be seeing you before too long. It seems that when I get to Fresno you are either gone or very, very busy, but I do know that you are really into the apostolate there.

Dear 

Hope you had a nice Thanksgiving.

I just wanted to drop you a copy of my
speech I gave this month at the Court House,
on the war & draft, the day before the Bishop's
statement. Talked to Bishop Manning Wednesday.
He said he received 2 letters from people who got
nervous because I was recounting myself with
"dirty, long-haired nuts."

Advice for now. God bless you.
Love, I

Dear [REDACTED]

March 29, 1968

It's after midnight, but I wanted to get a short note off to you. A few weeks ago, I mentioned to you again my concern about the war. You told me to check about a meeting coming up in Berkely. I attended the meeting last Tuesday night. It was a very profitable sessions with GTU's Dean Wagoner, [REDACTED] Fr. Coleman SJ. Bruce Nelson and McAfee Brown. O

Over the past several months, I have done a lot reading on the topic. I have also discussed it with lay people and clergy. I realize that any hasty, decision would be stupid. I hope I have decided right that I will take part in the Fresno Peace Ceremony this Wednesday, April 3. I will take part in the religious ceremony and I will accept a draft card from one of the 10 men handing them in.

I have given a lot of thought to this. I'm sure many won't agree with my action, & I respect others' opinions. I do hope my action may start some people thinking more about other possibilities to our present policy of dragging on the killing of war, about our whole militarism-centered (society) society. I believe I must speak out on this.

I am seeing Bishop Manning Monday morning and will explain my stand.

If you have any advice, please let me know.

Thanks very much.

Your letter of March 29th, was forwarded to me when I was on visitation and so I did not receive it until it was too late to get in touch with you regarding the ceremony on April 3rd. I certainly appreciate your interest in this very important matter and am glad that you were able to talk with Bishop Manning.

I hope to be down your way after Easter for a meeting in Delano with the Migrant Ministry. I will be happy to see you and the friars at that time.

Dear Father David:

I want to thank you for your letter of April 27th, which was forwarded to me down South. I certainly do appreciate your report on the situation there in Fresno and assure you that everything that you mention is of real importance to us in making the decision for the coming year. We will surely do our very best. I believe that your opportunities there in Fresno are tremendous and surely we do want to make the most of them. Please say a prayer that we will have a very successful Definitorium meeting and also second session of the Chapter.

Dear [REDACTED]

April 27, 1968

I'm sorry to bother you right in the middle of a lot work at the Chapter. I enjoyed my 2 days in Phoenix. I felt the fellows at Sacred Heart have some fine things going, but they must work closer together, not just in their separate areas.

I would like very much to have a team project here in Fresno. In the last few weeks, a lot of new possibilities have opened up, including a summer program in cooperation with two nearby Protestant Churches. Also, St. Alphensius has proposed a joint parish plan with us here in West Fresno, covering things like CCD, adult classes and community projects. This is why I would like to ask again if it's possible to get another pastor here. Although Fr. Luis is not at all opposed to these ideas, he seems to just let things ride.

I'm sure you have a lot of requests to try and fill and want to be able to make do everything. But if it's at all possible, I think we'd make good progress and reach our people more with good, creative leadership.

Thanks very much, Father, I promise my prayers for a successful Chapter.

Dear [REDACTED]

Here is a report from this chapter's discussion.

1. Prayer.

a. We come together for morning prayers, Lauds and meditation each morning before the 1st parish mass.

b. We just obtained the Liturgical Press "Compline" booklets. So we say this with the people after the 5:30 evening mass.

c. We have not arranged for monthly days of recollection yet. We hope to get away to 3 Rivers for this soon.

2. Penance.

We discussed what would be a meaningful penance for Advent. We felt that meatless Fridays was not much of a significant event.

We have decided that since our supply of beer and pop is almost gone, we will not order any, doing without these.

3. Representatives for Spring Chapter.

We felt that all "leaders" of our houses (pastors, high school principals etc.) should be there since it would probably be difficult to implement suggestions and recommendations if these were not present. Ofcourse, all apostolates and a cross section of age groups of the Fathers and Brothers should also be present.

That's if for now.

Sincerely,

A. David Carrere 8/1/11

Father Guardian has your Obedience and he will tell you that we would like to have you in Fresno no later than June 24th. This should give you a chance to do the things you mentioned in your little note to me. In case you want longer time than that before going to Fresno, in case you would even like to take your vacation you would have to clear this first with Father Luis himself. He may need you down there by the 24th.

Father Martial passed on your letter to me with the two generous checks. We are indeed very grateful to you for sending these at this particular time because with all the expenses connected with our Summer school programs, we do run short of money quickly.

We are grateful to your good Brother for remembering you and he surely will have a special place in our prayers. We also are indebted to the Community for sending on their surplus.

Thanking you for all the fine cooperation you always gave me while I was Provincial, and with every best wish to you and the Father and Brothers, I remain,

Dear Father Provincial,

I would like to ask permission to make the Better World Movement Retreat at St. Clare's in Santa Cruz, May 3-11.

I also wanted to ask permission about going to Mexicali. [REDACTED] said it was OK on his part and told me to write you. In my few days down there last year, I learnt a lot helping at San Antonio Church and visiting the people. And this year I would like to spend about 6 days of my vacation there.

Father Guardian has your Obedience and he will tell you just when you are to leave for your new assignment. I am sure that you have already made some contact with Father John Francis so that you know what is to be expected of you in your Summer school work this year.
