Dear Tom:

I was not totally surprised to hear about the results of filing bankruptcy — that all funds are frozen. I anticipated that my monthly "sustenance" check and health benefits would be affected.

My only monthly income will be \$ 415.00 from Social Security.

I have enclosed copies of health factors I am being treated for along with copies of monthly medications.

I have a strong faith that God will see me through all my heavy burdens.

I'm still grateful to you for your friendship and care!

Sincerely,
Frank
