Dear Bishop Daily,

Just to keep you informed; I met with Dr. Brennan yesterday and he began to discuss results of the psychological evaluation: i.e. thinks you making good progress and began drug therapy. The results of this he said, will be apparent in about a month, after which he will then prepare his report. In the meantime he suggested I continue with my little routine.

In the meantime I continue to meet with Dr. Robert Mullins, once a week for psychotherapy, as well as Dr. Brennan every two weeks.

Dr. Mullins (323-6110) suggested, that if at any time you would like or need a progress report, feel free to call he and he will return your call. Dr. Brennan keeps him informed.

GEOGHAN-II 06705

Thank you for your prayers. I pray
for you too.

I am most grateful to God for this
period of renewal and look forward
to a fuller life with Christ and His
people.

In Christ,
John J. Geoghan
